## Cavite towns benefit from irrigation projects

**TRECE MARTIRES CITY, Cavite** - The National Irrigation Authority (NIA) through its Comprehensive Agrarian Reform Program-Irrigation Component (CARP-IC) recently turned over two newly completed Solar Pump Irrigation Projects (SPIP) to two municipalities in the province.

The local governments of Tanza and Magallanes towns received the respective SPIPs in separate turnover ceremonies held in Sitio Gugo Tres Cruces in Tanza and in Baliwag, Magallanes.

Sitio Gugo Tres Cruces SPIP has a capacity to irrigate a total of 16 hectares of agricultural

lands and will benefit 24 farmers under the Tres Cruces Agrarian Reform Beneficiaries Farmers Association, Inc. while Baliwag SPIP is also set to irrigate 16 hectares of 10 farmer beneficiaries belonging to the Baliwag Farmers Association of Magallanes, Inc.

In his full support to the agriculture sector,

Regional Manager Wilson Lopez said, "Isa po sa mahalagang salik ng ekonomiya ang maunlad na agrikultura. Kaya naman kami sa NIA ay nagpursige na mapalawak pa ang mga lupang sakahan sa bansa na maayos na napapatubigan."

## Time to plug the brain drain?

In one of the speeches of President Ferdinand R. Marcos, Jr. during his working visit in New York, a line resonated with Filipinos, especially those who have been far away from their land of birth for too long. The President said, "Let us reverse the brain drain. Ibalik natin ang galing ng Pilipino sa Pilipinas (Let us bring Filipino talent back to the Philippines)."

Going to another country for work, starting a family, or settling down is not something new and shouldn't come as a surprise since it is a personal decision of individuals and their families. It was confirmed by a study published by the International Labor Office in Geneva titled "Skilled Labor Migration from Developing Countries, which said, "Since the early '70s, the Philippines has been experiencing a 'brain drain' phenomenon with the migration of highly skilled physicians, teachers, seamen, mechanics, engineers, and others."

The paper then went on to characterize brain drain in the '80s as "exodus of those in the medical profession and mid-level professionals such as nurses and medical technicians;" while in the '90s, "advances in information technology triggered new waves of skilled labor migration abroad consisting of engineers and programmers." Fast forward to the present. Brain drain still continues, most especially if financial opportunities abroad abound in a particular industry.

A message from a president, espousing overseas Filipinos to contribute to the nation, is also not new. But what is different now is that the current president pledged to "eliminate bureaucratic inefficiencies" and to "enhance public service and ease of doing business." A tall order, indeed, and something this administration is bent on doing — rightsizing the government.

An efficient government, the President stressed, is one that "gets out of the way" of Filipinos' desire

to invest, do business, and live an ideal lifestyle. Thus, he told Filipinos in the US to continue to invest in properties or businesses so that they could help create jobs. For those who are temporarily working overseas, the President said that his government will create more opportunities to entice overseas Filipinos so that they wouldn't be attracted — or even forced — to find work abroad and leave their families behind.

"I stand here before you to invoke the Filipino spirit of bayanihan... and to challenge each and every one of you to contribute meaningful change back home," Marcos Jr. said. "Your country needs you!"

It would take time and perhaps more research to truly determine the effects of brain drain. Supporters have said that it would ultimately benefit the country because of remittances and technology transfer. On the

other hand, critics have raised concerns about the underlying moral, economic, and societal impacts of brain drain on young families.

Draining any prejudice, the call of the President is timely and consequential. There will be high hopes and expectations coming from the four million plus Filipino Americans, who comprise 18 percent of the total Asian population in the US. More so in lands where overseas workers are finding it difficult to work in.

Whether they want to find other work or finally retire, or discover channels where to utilize their excess funds for investment and business, there is this fervent hope that they would first prioritize their land of birth and — like what the President said — "help bring the Philippines to heights it has not reached before."

The launch event held at SM North EDSA The Block was attended by SM Supermalls President Steven Tan and SVP for Marketing Joaquin San

"We have a lot of young girls across the country and they've had such difficult times during the pandemic. Our membership dropped significantly. By buying a box, you can sponsor a girl for one year and she can learn so many things like being independent, loving her country more, and helping her community," said GSP President Nina Lim-Yuson.

Recently, SM Supermalls helped the GSP vaccinate all its 70,000 members nationwide. By providing them with convenient and safe COVID-19 vaccines, SM Supermalls was able to ensure that the GSP members have access to quality healthcare services.

Giving marginalized women and persons deprived of liberty hope for the future

Apart from the GSP partnership, SM Supermalls also partnered with the local government of Quezon City for its Vote to Tote program, Spark PH, and bag designer Zarah Juan to sell upcycled tarpaulin handmade tote bags sewn by marginalized women and female persons deprived of liberty.

"Christmas is all about giving. We are very happy that this year, the communities of Quezon City are included as beneficiaries in this program. And apart from helping the women in our communities, we are also able to help the environment by upcycling 70 tons of election

tarpaulins that we've collected," said Mayor Belmonte.

Juan, the designer, was the brainchild of the upcycling initiative. "During the elections, there were tons of election campaign wastes. I wanted to do something and I thought I have my platform— my designs. If my designs can actually solve this problem, then it's worthwhile. Then I pitched the idea to Maica Teves, the founder of Spark PH. From there, we gathered all the help we can— from the Quezon City LGU who will help us collect tarpaulins, the women communities that can help us create, and SM Supermalls who can provide us the platform to distribute."

A Happiness Walk was done to showcase the upcycled tote bags that shoppers can buy in SM malls. Joining the Happiness Walk were men and women of substance including select Girl Scouts

SM Supermalls has started a holiday countdown campaign. In 2021, the biggest mall network in the Philippines showed the world more than a hundred ways of giving through 100 Days of Caring.

Sa pakikipagtulungan sa One Cavite Transport Consortium Inc., at Paranaque Integrated Terminal Exchange (PITX), higit kumulang limampung (50) bus drivers mula sa mga bus transportation companies na Saulog Transit, Westcoba, at Saint Anthony De Padua ang muling naturuan at napaalalahanan ng kahalagahan ng road safety lalo na ngayong dumarami na muli ang mga sasakyan sa kalsada. Ang mga public utility drivers na ito ay ilan sa mga tsuper na araw-araw tinatahak ang Manila-Cavite Toll Expressway (CAVITEX).

"Patuloy ang MPT South sa pagsusulong ng adbokasiya ng pagbibigay halaga sa road safety, lalo na ngayong unti-unti ng

bumabalik sa pre-pandemic numbers ang mga bilang ng mga sasakyang tumatahak sa kalsada.

Sa tulong ng aming programang Drayberks, layun naming defensive drivers ang mga nagsisilahok dito. Mahalagang mabigyan ng prayoridad ang road safety hindi lamang para sa mga PUV drivers na naging kalahok sa programa, kundi maging sa iba ring mga motorista na gumagamit ng daan," ani Ms. Arlette Capistrano, Assistant Vice President for Communication and Stakeholder Management ng MPT South.

"Lubos po kaming nagpapasalamat sa pamunuan ng MPTSouth (CAVITEX at CALAX) dahil sa pagkakataong ito na

mabigyan ng seminar ang aming mga driver. Una palang po ito sa sunod sunod na mga session," ani Mr. Droy Jalbuna, Operations Head ng One Cavite Transport Consortium, Inc.

Ang Drayberks ay isang award winning road safety program ng MPT South na nagkamit ng Silver Anvil Award noong taong 2019 mula sa Public Relations Society of the Philippines. Ngayong kasalukuyang taon ay nagawaran rin ito ng Merit Award for Communication Management ng International Association of Business Communicators Philippines (IABC Philippines).

# NEW OPPORTUNITIES, HOUSING OPTIONS IN NAIC

mga bago ring halal na konsehal ay nangako ng buong suporta sa lahat ng programa at proyekto ng bagong liderato ng first class municipality na ito sa Cavite.

Noong kainitan ng kampanya, naging saksi tayo sa mainit na suporta ng mga mamamayan, lalo na ang Kapitolyo sa pamumuno ni Gov. Juanito Remulla.

Only in three months in office, I learned that the Dualan brothers have a program to develop affordable housing options for Naicqueños and to be funded in its 2023 annual budget.

During his incumbency, former Mayor Junio has helped "outsiders" from Metro Manila to reside in the many houses funded by the national government.

At maging noong kainitan ng kampanya last May 9 elections, magkatulong na ang Dualan brothers na magkaloob ng pabahay sa mga Naicqueños.

Balita natin may mga ordinansa na tungkol sa pabahay at ang paglikha ng maraming oportunidad sa trabaho, lalo na sa agrikultura at fishery.

Naic is a coastal town na marami ay ikinabubuhay ay pangangisda at pagsasaka, at sana, maibaba ng ating Pangulong Bongbong Marcos bilang concurrent Agriculture secretary ang ayuda sa ating farmers and fisherfolks.

Napakasisipag ng mga Naicqueños, at natatandaan ko, sa kainitan ng kampanya, pinagsuot pa ni BBM si Mayor Junio ng red T-shirt nang mapansing iba ang suot nito.

Sa kampanya ni Bongbong, ipinangako niya, pag siya ang presidente, isa ang Naic -- sa kamay ng magkapatid na noon ay kandidatong mayor Raffy at vice mayor Junio na -- tutulong siya upang maibigay ang lahat ng tulong ng gobyerno para sa District Hospital, infra projects at iba pa.

Well, umaasa tayo in three-year time, makikita na natin ang development ng pag-unlad ng bayang ito -- na noong nabubuhay pa si Tatay Toyong Dualan, e madalas naming mainterbyu at pasyalan sa Seaside Resort sa aplaya ng Naic.

Siyanga pala, nagpaalaala si Mayor Raffy, yung hindi pa nakapagrehistro para sa National ID, aba magpunta na kayo sa munisipyo.

Kung may mga concerns kayo, bukas ang Office of the Mayor, maging ang Office of the Vice Mayor at ang Sanggunian office ng mga konsehal upang kayo ay alalayan.

Tuloy-tuloy pa rin ang serbisyong medikal sa mga maysakit at sa mga tinatamaan pa rin ng Covid-19 pandemic, at balita ko, iniutos na ni Mayor Raffy sa pulisya at mga opisyal ng barangay sa pagbabantay sa kriminalidad sa buong bayan, kasunod ng mga balitang insidente ng akyat-bahay at iba pang kriminalidad sa bayan.

Walang pag-asenso ang isang lokalidad kung walang peace and order.

E, kilalang disciplinarian si Mayor Raffy maging noong siya pa ay konsehal at kapitan ng barangay, kayo kayong mga pasaway, hala, magtino na kayo.

Hmmm. baka kayo ay ma-buntot-page, hehehe, joke lang po.

Basta sa Aksyon at Disiplina, programang Dualan ay laging maaasahan.

Imus BPLO tightens noose on  
delinquent business establishments

IMUS CITY, Cavite – The city government here thru its Business Permit and Licensing Office (BPLO) closed down several business establishments in the city as it intensifies its campaign on collection of correct tax payments.

Imus City BPLO Head Jasmin Ramos led the issuance of the closure orders to delinquent business establishments which had not been paying business taxes for the period of their operations.

The following establishments: a 9-door residential apartment in Barangay Anabu 1-C, Wood Works Shop along Aguinaldo Highway in Barangay Anabu 1-E, a hardware in Green Estate Phase 3, Malagasang 1-G, and a 6-door commercial apartment in Barangay Palico 4 were closed for operating without business permits on their record.

Ms. Ramos advised the tenants of the establishments to vacate the place they are renting to avoid any problems in the future.

"Like this residential apartment, matagal na panahon na po ito hindi nagbabayad ng buwis, eh dapat po ay lahat ng bussiness establishment dito sa Imus ay nagbabayad ng taxes," Ramos said.

(Like this residential apartment, it has not been paying taxes for a long time, all business establishments here in Imus should be paying taxes.)

"I encourage po all the business owners here in

the locality to pay their taxes para po hindi tayo magkaroon ng aberya tulad nito," Ramos stated.

The (closed) business establishments may

resume operations once they have settled their debts and paid the proper business taxes due to the city government. (RBF/PIA-Cavite)

programs, projects, and services to become the lead Science, Technology, and Innovation (STI) Hub in Cagayan Valley.

The S&T Caravan is an annual activity with various S&T partners that aims to showcase the different programs and projects of DOST. This will also increase their awareness and knowledge on the S&T Interventions they want to avail, adopt and commercialize.

The S&T Caravan is also a platform to showcase the products of the various DOST SETUP supported MSMEs.

In his written message, DOST Undersecretary for Regional Operations Engr. Sancho Maborang expressed his appreciation to the province for valuing Science, Technology and Innovation.

"Behind these achievements are our fellow Filipinos who had the courage to trust our services and start ventures alongside our science interventions. Their success stories are the most important to us." Usec. Maborang highlighted this in his message.

"The families they sustain, the homes they

build out of their growth, the satisfaction and quality service they provide to their customers, and its impact in a larger industry, is a great contribution for inclusive growth. They are worth a record of best practices and best experiences." he added.

Meanwhile, DOST R02 Regional Director Virginia G. Bilgera also expressed his gratitude and challenged them to be the active players of S&T in the province through a written closing message.

"May this time bring the best in each and one of you. Let's join hands in enriching the culture of pagtutulungan. I believe that this ceremony would ignite more science, technology and innovation developments through our mandates."

The activity was attended by the Provincial Director of PSTO Batanes Ms. Nora Garcia, Batanes Governor Hon. Marilou H. Cayco, Representative from the Batanes Lone District, Hon. Ciriaco B. Gato, President of the Batanes State College, Dr. Djovi R. Durante, among others.

S&T Initiatives in Batanes For many years, The

Provincial Science and Technology Officer (PSTO) continuously succeeded in bringing science and technology closer to the people of Batanes. Here are some of the accomplishments of the agency in the province.

Many of the small businesses in the province had difficulty in maintaining their sales since customers are mainly locals. Thus, Ivatans wanted to build their own business that will help the province's local economy.

With determination and cooperation, DOST 02 thru PSTO Batanes took this opportunity to introduce to them the Small Enterprise Technology Upgrading Program (SETUP).

SETUP is the banner program of the Department of Science and Technology which aims to strengthen the country's innovation system by enabling (Micro, Small, and Medium Enterprises) MSMEs to address their technological requirements and limitations to improve productivity.

Since the implementation of the program in 2002 up to 2021, SETUP continuously strengthened MSMEs in the region and improved their products, services and operations. It also helps them increase their productivity and competitiveness through their adoption of various technological innovations.

Moreover, the agency also continuously extends its assistance through S&T services on technology transfers, iFund, food safety, packaging and labeling, technology training and fora, and other technical consultancies.

To date, there were a total 65 firms assisted in Batanes and already funded with P41.16 million innovative funds. From all the active beneficiaries of

the program, firms which engaged in the food industry continuously had the most adopters with a total of 66% of the whole beneficiaries. The remaining 34% goes to other priority sectors such as ICT/ Electronics, agriculture, metals and engineering, gifts, decors and housewares (GDH).

The province was also awarded with computer units for the installation of the Science and Technology Academic and Research-Based Openly Operated KioskS (STARBOOKS) for each beneficiary namely, Basco Central School, St. Dominic College of Batanes, Inc., and LGU Itbayat.

STARBOOKS is an offline S&T based educational and learning platform designed to reach those with limited or no access to S&T information resources. It aims to provide STI (Science, Technology and Innovation)-based content to students and other constituents.

Furthermore, LGU Sabtang (RHU) and LGU Itbayat (RHU) were also awarded with one (1) set each of RxBox. RxBox is a multi-component program designed to provide better access to life-saving health care services in isolated and communities.

With the continued support and close collaboration with the provincial local government and other stakeholders, the Provincial Science and Technology Office of Batanes, together with its national and regional offices, are looking forward to a more dedicated projects in serving and giving quality living to every Ivatan and Ipula (non-ivatan) alike. DAR Usec. Atty. Milagros Cristobal, in her speech, challenged the farmer-beneficiaries and agrarian reform beneficiaries to use the irrigation project wisely and efficiently.

"Ang challenge ko po sa inyo, bukod sa pangalagaan natin ang proyektong patubig na ito ay ang paglago ng inyong samahan. May suporta na binigay na sa inyo ang gobyerno kaya asahan namin ang paglago ninyo bilang grupo kasabay na mgandang ani at mataas na kita," said Atty. Cristobal.

(My challenge to you, aside from taking care of this irrigation project, is the growth of your organization. The government has already given you support so we can expect your growth as a group along with a good harvest and

increased income.)

Meanwhile, NIA Deputy Admin. Ralph Lauren Du of the Administrative and Finance Sector thanked the farmer-beneficiaries for their drive and cooperation towards the realization of the said projects.

DA Lauren Du said, "Sa atin pong mga magsasaka, maraming salamat sa inyong pakikipagtulungan upang maging matagumpay ito. Patuloy tayong magkapit-bisig sa pangangalaga dito nang sa gayon ay matagal po ang abutin ng solar pump na ito."

(To all farmers, thank you very much for your cooperation to make this a success. Let's continue to join hands in taking care of it so that this solar pump will last a long time.)

These projects were funded under CARP-IC to aid Agrarian Reform Communities (ARCs). Construction for these projects commenced on March 2022 and completed ahead of time on August 2022. (RBF/PIA-Cavite)
