LRT STATION SA BAWAT PROBINSYA SOLUSYON SA PROBLEMA SA TRAPIKO?

ANG problema sa trapiko ay ilang dekada ng ginagawan ng solusyon ng mga anagdaang administrasyon at sa kasalukuyan, na halos araw - araw ng problema na kinakaharap ng ating mga kababayan. Kung kaya't nararapat na buhsan at bigyan ng atensyon ng administrasyong Duterte ang problemang ito na siya niyang ipinangako sa kanyang kauna - unahang State of the Nation Address. Na kung saan ay may ilan pang nagbigay ng payo sa ating Pangulo na pagkalooban siya ng emergency powers

para masolusyunan ang problema sa trapiko. Dahil hatid ng emergency powers makagalaw si Pangulong Duterte para aralan at mapagplanuhan, upang magawa solusyon ang problema sa trapiko. Ang nangyari kaya at naipatupad ang emergency powers ng Pangulo? Bakit magpahang ngayon ay buhol - buhol pa rin ang traffic sa kamaynilaan magpahanggang sa problema? Maraming Pilipino na hindi alam na marami pera ang nasasayang ng dahil sa traffic. Kung kaya't minsan ang problemang idinadaan nalang sa paninisi sa ilang proyekto sa lansangan, katulad ng pagsasaayos at paghuhukay ng ilang kalsada. Matagal ng nagdurusa ang ating kababayan sa problema sa trapiko nakalulungkot isipin na mukhang ito pang daratnan ng mga susunod na henerasyon. Paano nga ba masolusyunan ang problema sa trapiko? Bakit hindi pa madaliin pagkakaroon ng mga LRT stations ang probinsya, para mas mabilis ang pagtatungong Maynila.

Maaring kasalungat nyo sila sa opinyon, pero iisa ang kanilang layon: ipagtanggol ang ating bansa, ang ating teritoryo sa iniisip nilang pagsasamantala at sa kahinaan natin; at ang trapong alipin sa ating bansa.

ni Marites Leonillo

is good all the time! And all the time God is good! Isang mapagpalang-araw po sa ating at. Una maraming salamat sa Panginoong ning matiwasay at ligtas na biyahe sa loob ng araw. Ito ay upang isulong ang Organic e sa buong Calabarzon sa tulong ng al Training Institute Region IV-A. Ito ay a "Activate: Linking Media in Promoting Agriculture in Calabarzon", June 24-25,

of Media, isa po ako sa naimbitahan para dalawang araw na Media Tour. Una po ay maka punta sa limang Organic Farms dito zon. Iniisip ko na masarap lumanghap ng angin, lalo na ngayon, napaka-traffic at rin ang hangin dito sa lowland ng Cavite.

ag-relax ng isipan, lalo na sa sobrang init na ss. Excited po talaga ako, sa katunayan ang min ay 10:30 am ng June 24, alas siyete pa aga umalis na ako sa Tanza at iwas na rin sa aya masyadong maaga ang pagdating ko sa IV-A, wala pa ang Flag raising ceremony ng ako. Kumbaga, ako ang "early bird" na

tapos ang aming orientation, ready to go na excitement ko napawi ng Makita ko na ang kyan ay walang aircon! Kaya pala pamaypay ang token na binigay sa amin dahil ng tulong pala ito sa dalawang araw naming

ba ng biyahe namin, nakaranas kami ng t, tapos sa ibang lugar na aming na daanan ang ulan. Tagos ang init sa aming sasakyan. Nice tiis ang beauty hehehe. Biglang may "wala bang free wi-fi?" may sumagot, meron! "ayay!" Kaya dinaan na lang sa tawanan ang

padaan kami sa lugar na umuulan, sarado ni, grabe ang init sa loob! Buti na lang talaga maypay. Ang matindi sa lahat, hindi lang sa sasakyan umuulan, kundi sa loob mismo ng yes po, Natulo! Sa loob ng sasakyan at isa sa anhan namin ay nabasa pati pantaloni!, kaya ang niya ang ulo niya sa bintana para sigurado

A healthy breakfast from the Organic Farms

parang ligo na rin mula sa mainit hanggang sa nabasa nang ulan. Buti na lang portion lang ang nadaanan namin na malakas ang ulan, kasi kong buong biyahe namin ay umuulan, malamang naka payong kami sa loob ng sasakyan.

Napaka-"unforgettable" po talaga ng aming experience, kaya ang resulta, meron parang himatayin na sa sobrang init, meron namang nagpapahinto ang iba sa mga convenient store para bumili ng tubig. Kaya nawala na ang "excitement" sa pagpunta sa mga organic farms.

Ang nangyari, pinakiusap na lang namin sa mga staff ng ATI na ang "highlights" na lang ng kada farm ang aming puntahan. Yong iba hindi na sumama sa pag-iikot sa mga farm dahil sa biyahe pa lang "dehydrated" kana at "stressed". Kaya may hindi na sumama sa ikalawang araw, kahit kami gustong-gusto na naming umuwi at huwag nang tapusin ang tour. In short, "nakakadala" ang ganyang mga imbitasyon.

Mayroon pa kaming experience na masyadong masikip ang CR, mahirap lumabas, may mga insekto habang naliligo ka at mga palakang nag-aantay sa iyong daanan dahil malayo ang CR sa aming tinutulagan.

In fairness naman po sa mga farm na aming napuntahan, meron ding may mainit na pagtanggap sa amin, magiliw kaming hinaharap, may masarap na mga foods at ganadong-ganado kang I promote. Mayroon namang lugar na "personally" ayoko ko nang bumalik doon. Hehehe. Ang irony pa sa aming tour ay halos lahat nag-aalaga ng native pig o yong maitim na kulay ng baboy. May naghanda sa amin ng inihaw na baboy pero hindi man lang kami nakatikim ng native na baboy, hehehe. Sabi naman, masarap daw po kasi masyado raw manipis ang taba at walang feeds na pinapakain, puro organic po.

Naisip ko kong paano ko i -describe ang aming napuntahan kaya ang ginawa ko inilipon ko yong mga take-out ko para may recall ako sa aming tour at inilagay ko sa lamesa at kinunan ng picture kaya habang nag-aalmusal "fresh na fresh" sa akin ang nangyari sa aming biyahe na nakakatuwa kong aking maalala.

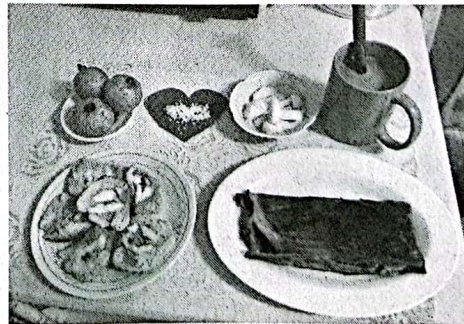

Hindi ko mallarawan sa ngayon lahat, pero sa mga susunod kong kolum bigyan ko ng daan ang mga farm na gusto kong i-promote dahil sa kakaiba nilang tema. Katulad sa Graco Farm, nakakamangha ang kanilang pag-aalaga sa mga kambing...masarap ang gatas mula sa kambing, dahil sa kanilang malngat na proseso at ang white cheese masarap din po. Nakakatuwa hindi agad siya nasira kaya nakain ko pa sa almusal ng kinaumagahan. Abangan niyo po sa aking

kolum at i-feature ko po ang Graco Farms.

Yong isa pa na aming napuntahan ay ang Forestwood Garden Resort na pag mamay-ari ng mag-asawang Mr. Joel at Mrs. Myrna Frago. Kakaiba po ang kanilang "menu" na minana pa ang recipe sa Magulang ni Mr. Frago. Ibang experience din po kong doon kayo mismo kakain, sana matikman niyo ang kanilang Pansit kalabuko, pinaghalo-halong sangkap ng mga gulay, pansit, at may buko pa.

Kakaiba ang kanilang presentation, ang kanilang kanin ay inilagay sa loob ng kawayan may kasama pang embutido na nakalagay din sa kawayan. Yong dinala ko sa bahay at aking inalmusal ay ang tinatawag na Plantsado lamang lupa, dahil ang pagkaluto ay ang idiniin na mga lumang plantsa na nilagyan ng uling sa loob...Maging ang kanilang straw ay gawa sa kawayan. Mayroong 20 variety silang tanim na kawayan. Marami pa po ang tungkol dito sa susunod kong kolum.

Thanks Agricultural Training Institute IV-A, for the Unforgettable and wonderful Media Tour.

MAKIKITA po sa larawan ang mga na take-out ko na galing sa mga farm na aming napuntahan. Ang tinapay na may cheese galing sa Graco Farms, Plantsadon lamang lupa at ang straw na kawayan mula sa Forestwood Garden Resort, ang bayabas at ang pinulot kong nahulog na mangga at may asin ay galing naman sa Terra Verde.

Sa mga naghahanap po ng lupa na pagtatayuan ng bahay, meron pong magandang location na binebenta sa loob ng Rio De Oro Subd. Ito po ay negotiable, pwedeng installment ang pagbabayad. Ito ay 233sqm. DOH PROVIDES BASIC TRAINING ON ACUPUNCTURE, VENTOSA AND MOXIBUSTION TO HEALTH WORKERS OF CALABARZON

THE Department of Health (DOH) - CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) concluded the first two batches of "Basic Training on Acupuncture, Ventosa And Moxibustion For Selected Medical Doctors and Public Health Nurses of Calabarzon to promote the rational and safe use of traditional medicine held at St. Giles Hotel, Makati City from July 17-21, 2019.

"We have seen the increase of traditional medicine in recent years and today people are going back to basics - using herbal supplements to stay fit and healthy. The demand continues to rise and it is important to be selective of what traditional method or approach to use - safety must be the primary consideration," Regional Director Eduardo C. Janairo stated.

"Traditional and alternative healthcare have been gaining popularity for the treatment of various ailments such as acupuncture, ventosa and moxibustion which are the commonly known methods. Although they are getting popular in the medical and wellness sector, we still have to make sure that these procedures are properly applied and practiced by health professionals with the utmost safety to avoid any incident," he emphasized.

In 1997, the DOH headed the passage of Republic Act 8423, known as the Traditional and Alternative Medicine Act (TAMA) which laid the way for the manufacture of

alternative medicines from certain herbs that are proven, safe, effective for utilization.

Janairo recounted that the TAMA Law of 1997 led the way for the establishment of the Philippine Institute of Traditional and Alternative Health Care (PITAHC) which incorporates traditional and alternative medicine in the national health care system.

"In CALABARZON, we have created the Traditional, Complementary and Alternative Medicine (TCAM) program with the objective of providing and incorporating the benefits of traditional medicine and the advances in alternative technology."

"Sa complementary at alternative medicine anyone can benefit, me sakit man o wala. Each person will respond differently to each practice gaya ng acupuncture na nakakatulong hindi lang sa may mga chronic pain, effective din ito sa mga mayroong arthritis at sakit ng ulo," he emphasized.

Janairo added that the TCAM

program in the region will be the gateway to strengthen primary health care from the households, community and within each service delivery network in the municipalities and provinces.

"We will also introduce other complementary and alternative system of medicine such as the Ayurveda, Naturopathy and Homeopathy."

The five-day training will focus on acupuncture (a form of treatment that involves inserting very thin needles through a person's skin at specific points on the body), ventosa (placing special cups on the skin for a few minutes to create suction) and moxibustion (a form of heat therapy where "moxa", a substance obtained from dried leaves, are burned on or very near the surface of the skin).

"This training will be the first step towards achieving our goal of integrating traditional and complementary health care into the primary health care delivery system at the same time upholding our country's traditional medicine heritage," he concluded.

MEDIA STATEMENT

This refers to a report "Fakery of Phil receipts to OFWs evades POEA scrutiny" which out today in Philippine Daily Inquirer. We condemn the article's insinuation of negligence on the part of PhilHealth's officers past and present as malicious. In a meeting last Sunday, June 23, 2019, between the PDI and Senior Vice Pres. Dennis and Acting Senior Manager Atty. Ernie B. we provided all the necessary proof that the actions of the Corporation including its office staff from the Regions to act on the uncorroborated reports of fake receipts given by liaison officers and based recruitment agencies to our members. Because of complaints brought up, attention of POEA on fake receipts between 2017, this agency called for 'hearings' by recruitment agencies concerned and PhilHealth which was attended by the head of PhilHealth POEA field office, Mr. Ken Sarmiento and Prosecution Department lawyers. Like complaints and evidences were submitted NBI for investigation since 2015. A meeting also conducted sometime between late 2017, early 2018 with the Department of Labor, Employment including POEA officials to discuss receipts and reintegration of PhilHealth in POEA-IT collection system. Reintegration have allowed PhilHealth to collect direct recruitment agencies or OFWs themselves an lesser avenues for fraud. Mr. Sarmiento assigned to submit updated reports so POEA take further action against the subject erring officers of recruitment agencies. We take note of the report's callous magnification of figures we believe renders the report inaccurate and malicious. Fake receipts issued to OFWs amount only to P1.2 million and not P17 million as peddled by the reporters as truth. To conclude the premiums of all 7,257 OFWs were far grossly baseless. Lastly, we condemn as baseless allusions that the alleged inaction on the senior officers was because of "promotion jockeying for positions to benefit themselves" challenge the authors of these reports and called "Eli" to show proof of their allegations, the good persons of all officers and past PhilHealth Presidents mentioned. We strongly believe, subjecting government institutions and officers to unfounded accusations in the arena of public are works of cowards. We challenge instead whether from our stakeholders or from our officers and staff with sufficient proof of corruption and negligence within PhilHealth's ranks to file complaints and enable the Corporation to cleanse its ranks.

Pero kung si Sen. Bong ang tatanungin, aniya nais niyang matuloy ang kasal.

Para sa kanya, "Tuloy ang kasal ni Jolo." Kung kailan pormal na ihahayag ni VGov. Revilla ang katiyakan ng planong kasalan, ang tanging isinasagot ng isa sa kanyang staff sa Kapitolyo ng Lalawigan sa Trece Martires City ay: "Kumain na lang po tayo ng ice cream!"
