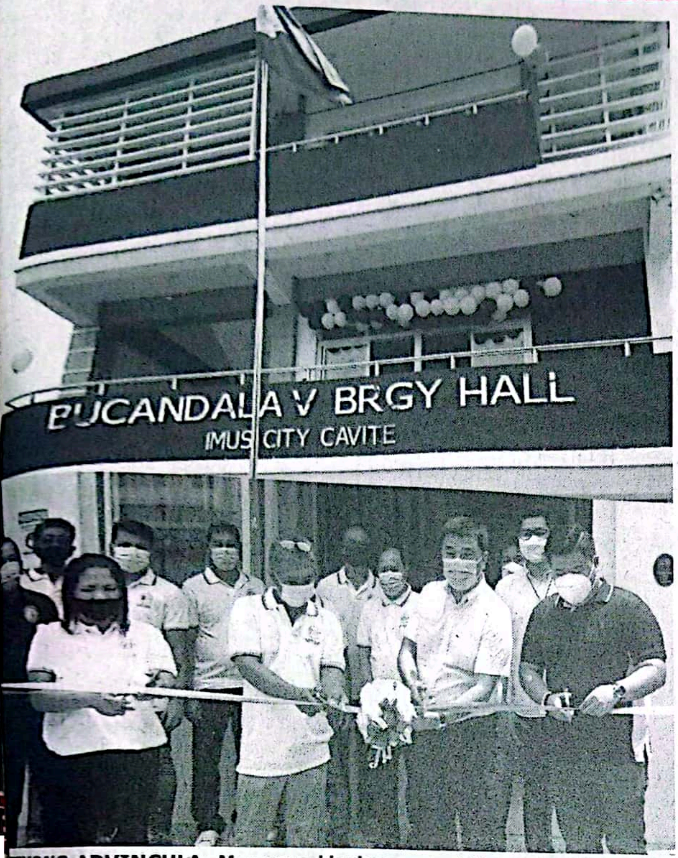
COVID-19, 'TALO' SA AKSIYONG ADVINCULA!



SIYONG ADVINCULA: Masayang binuksan sa publiko ang bagong Multi-Purpose Hall ng Barangay Bucandala 5, Imus City, nitong June 20. Sa larawan la kanan, sina Councilor AJ Advincula, Cavite 3rd Dist. Representative Alex Advincula; Bucandala 5 Captain Rodolfo Montalan, DayCare worker , Ms. wena Layaog at mga Kagawad ng barangay. *(FRANZ ORLAIN)*

WALANG Covid-19 pandemic na makapipigil sa pagbibigay ng totoo at maaksiyong serbisyo sa mga mamamayan ng Barangay Bucandala 5 sa Lungsod ng Imus.

"Basta po ating laging iniisip ang kabutihan at kapakanan ng ating mga mamamayan, walang pwedeng pumigil sa atin sa pagtulong at paglilingkod namin sa mamamayang Imuseño," sabi ni Imus City Congressman Alex 'AA' Advincula sa pahayagang ito sa okasyon ng pasinaya at pagbubukas sa publiko ng bagong tatlong palapag na Multi-Purpose Hall sa nabanggit na barangay.

Ang pasinaya ay ginanap alas 11 ng Sabado ng umaga, Hunyo 20, na sinimulan sa maikling misa at pagbabasbas ni Rev. Fr. Archilles G. Secio na isinabay ,sa pista ng Bucandala 5.

Sa panayam, sinabi ni Bucandala 5 Brgy Capt. Rodolfo Montalan na isa sa unang proyekto niya nang maupong punongbarangay ay makapagtayo ng bagong gusali ng barangay.

Aniya, luma na ang barangay hall na itinayo sa tabi ng kalsada may 25 taon na ang nakalilipas.

Upang mangyari ito, nakipag-ugnayan si Kap. Montalan kay Cavite Gov. JonVic Remulla para makahanap ng lupang pagtatayuan ng barangay hall.

Masuwerteng nakahanap si Kapitan at mga Kagawad ng lupang pagtatayuan ng gusaling barangay at mula sa nalikom na P400,000, ito ang ibinigay sa may-ari ng lupa bilang paunang bayad.

"Nakipag-usap kami kay Congressman Advincula na kung maaari ay tulungan kami na maitayo ang aming barangay hall, at maraming salamat po, hindi siya nagdalawang salita at agad-agad na tumulong. Talagang

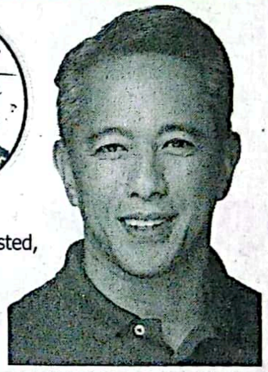
Targeted testing of Cavite policemen underway; 1% of health care workers COVID-19 positive

TRECE MARTIRES CITY, Cavite -- More than a thousand medical frontliners in the province had undergone COVID-19 testing last week while testing for the personnel of the Philippine National Police assigned in the province is in progress.



Cavite Governor Jonvic C. Remulla

With the total number of medical frontliners tested, only 12 were found positive of the COVID-19, about 1% of the total giving a thumbs up for the frontliners since results showed they followed the quarantine health protocols that kept them safe.

Meanwhile, the continued testing for the police personnel yielded 13 policemen who are positive of the coronavirus.

This is the risk and the sacrifice the medical and police frontliners had to undergo every time they go out and perform their duties for the safety of the people and to care for the sick.

Governor Remulla said, "Their sacrifice being in the frontline deserves our honor and respect. Let us all follow the law. Let us all follow the rules. These are all for your welfare. Let us not put to waste the sacrifice that the ▶ TARGETED • 7

ALISIN NA ANG PUBLIC TRANSPORT BAN ANO ba talaga, IATF-EID?

Pumayag na kayo na magtrabaho na ang mga tao, pero bawal naman bumiyahe ang mga jeep at provincial bus at konti lang ang ruta ng mga city buses.

Bawal din ang magkakapamilya –mag-asawa, mag-ama, magkapatid --na bumiyaheng magkaangkas sa motorsiklyo.

Kokonti naman ang public transport ng gobyerno para maghatid sa mga pasahero – na dikit-dikit din sa upuan – sa kanilang pupuntahan.

Paano uusad ang ekonomya natin, paano pakakainin ng mahihirap ang kanilang pamilya kung parusa ang pagbibiyahe sa araw-araw sa pagpasok sa trabaho.

Bawal pa rin sa mga seniors na malalakas pa at may trabaho at ang ibang may kakayahan pa ang magtrabaho: kasi sa paniniwala ng Inter-Agency Task Force on Emerging Infectious Diseases (IATF-EID), alagain, madaling mahawa ang "matatanda."

Na ang ipinaiintindi, 'yung mga mas bata ay hindi alagain, malalakas ang katawan at mahirapan mahawa ng nakamamatay na novel coronavirus disease o Covid-19.

E, marami nang doktor, narses, health workers ang namatay sa Covid-19, sila na mas alam kung paano aalagaan ang sariling kalusugan, asan ang lohika ng mga pagbabawal sa general community quarantine (ECQ)?

Sana ay alisin na ang transport ban at payagan nang lumabas ang mga tao para mabilis nang makabangon at mapalakas ang ekonomya natin na iginupo ng Covid-19 pandemic.

Basta mahigpit lamang ipatupad ang lahat ng garantiya sa kaligtasan sa pagkalat at pagkahawa ng virus na ito.

Maging mahigpit din ang lahat ng ahensiya ng gobyerno sa pagpapatupad sa batas laban sa mga oportunistang transport operator at tsuper na sumingil nang sobra para kumita nang malaki.

Mabigat na parusa ang dapat ipataw sa kanila.

Hanggang hindi gumagana ang industriya ng transportasyon, lulugmok ang ating kabuhayan.

Mas grabe ang pinsalang idinudulot ng pagbabawal na ito sa panganib ng pagkahawa sa sakit.

Marami na ang nagkasakit at namatay, hindi dahil sa Covid-19: nangyayari ang masaklap na kondisyong ito dahil sa matinding depresyon, pagkainis, pagkabuwisit dahil hindi makagalaw nang husto at hindi makapaghanapbuhay para sa kanilang pamilya.

Dagdag pa rito ang nakalilito, wala sa ayos at diskriminasyon sa pagbibigay ng ayudang pagkain, gamot at iba pang alalay na salapi dahil sa anomalya at korapsiyon ng mga taong inaasahang magiging matapat sa kanilang tungkulin.

Tama ang programang 'Balik-Probinsiya' at paglilipat ng mga negosyo at impraestruktura at h sa mga lalawigan at kanayunan.

Noon pa sana ito ipinatupad; ang kailan ay istriktong implementasyon para hindi k virus ng Covid-19.

Kung mapaluluwag ang mga lungsod at ang industriya at hanapbuhay, mapauunl lalawigan at hindi magtutumpok-tumpo Manila ang mga tao.

Maraming problema ang malulutas Probinsiya' tulad ng pabahay, trapiko, h krimen at magiging mas epektibo ang serbi

Panahon na upang ang biyaya ng ek maihatid at maikalat sa mga lalawigan sa la Manila at magbukas ng mga bagong opo pag-unlad sa malalayong rehiyon ng bans

Palakasin ang programa sa kalusugan ng mga bagong estratehiya ang Departme upang ang mga nasa labas ng Metro mabigyan agad ng tiyakang saklolo at kag laban sa lahat ng uri ng sakit.

Hindi Covid-19 lamang ang kalaban n ang kawalan natin ng disiplina at ang kap gawa ng mga taong gobyerno na sa loob na tatlong buwan ay parang may katara mata at hindi alam ang daan at lugar na

Barangay Chairman Dolfo Montalan, Konsehal Doods Agustin, HOA Vpres. Heidi Alfaro at HOA Sec. Vangie Caballero matapos ang ginawang pagpapasinaya ng Barangay Bucandala 5 Multipurpose Building nitong June 20. 2020.

niyang si Konsehal AJ Advincula, hindi ka pa nagsasalita, mararamdaman mo na hindi ka mabibigo.

Katulad na lang ng matapos ang pasinaya ay napansin niyang mainit ang opisina ng barangal hall kaagad ay kinausap nya si Kap. Montalan kasama mga kagawad at dito ay nagbigay sya ng halagang 50,k pangdagdag para malagyan ng aircon ang opisina ng barangay hall. Yan Aksiyon Kaagad.

Kaya nga, Aksiyong Advincula ang kilala sa mag-amang Cong. Alex at Konsi AJ.

@@@

Unang proyekto ni Kap Dolfo ang bagong barangay hall kasi nga naman, maliit at luma na ang kanilang barangay hall na naitayo, 25 years ago sa tabi ng kalsada pa naman.

"Yun talaga ang naisip ko na ipagawa agad noong maupo ako, ang magkaroon ng new barangay hall," sabi ni Kap. Montalan ng siya ay makakausap namin.

Iyun nga, humingi siya ng advice kay Gov. JonVic Remulla na tumulong sa paghahanap ng lupang mapagtatayuan ng bahay barangay, at sabi nga, 'the rest is history.'

Sa pasinaya ng three-storey building, sumaksi sa pagbubukas sa publiko sa pangunguna ni Cong AA at Konsi AJ, katuwang si Kap Montalan, sumaksi ay sina Konsehal Toti Monzon, Totie Ropeta , ABC Pres-Konsi. AJ Sapitan, mga daycare sa pamumuno ni Ms. Rowena Layaog.

Naging problema ang Covid-19 pandemic kaya natigil ang pagtatayo ng barangay hall, pero, sa bi nga ni Cong AA, anomang hadlang, kahit ay pandemic pa, basta tulong-tulong, nagkakaisa ang lahat, makakayang matalo ang Covid-19.

Noon nga sanang January this year ay pasinaya na, pero sa pagtitiyaga, natapos din ang tatlong palapag na barangay hall at ginanap ang ribbon cutting at pasinaya noong Sabado.

Marami pang dapat na gawin sa gusali; mga dagdag na equipment, mga gamit sa opisina at ang maganda sa barangay hall, mayroon itong DayCare Center para sa mga bata na matututo bago sila mag-elementarya.

Sabi ni Cong. AA Advincula, siya ay nagagalak na matapos ang maraming pagod at paghihintay, natapos nga ang barangay hall at lalo pang mapagsisilbihan ni Kap Montalan at mga Kagawad at iba pang barangay officials kaming mamamayan ng Bucandala 5. Sa panahon ngayon tayo ay magkaisa at magtulungan iwaksi muna natin ang di pagkakaunawaan patuloy tayong lumalaban sa Covid-19 pandemyang ito sabi pa ni Cong. AA.

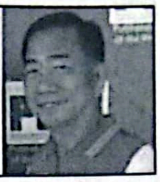
Kaya, kasama ang pahayagang ito, Cavite Times Journal, sa napakalaking tulong ni Cong. Alex, may bago na kaming barangay hall, at tatlong floor pa ito na ang ikatlong palapag, nanduon ang session hall, sa second floor ang mga opisina at may DayCare pa nga.

Isang legacy ito nina Cong. AA Advincula at Kap Dolfo Montalan, kasama ang lahat ng opisyal at ng buong Sangguniang Barangay. Sa inyong lahat po, kaming mamamayan ng Bucandala 5 ay nagpapasalamat, mabuhay po kayong lahat.

MISCELLANEOUS FEE DAPAT ALISIN!

PAG-USAPAN NATIN

Ni DOMZ B. CAOILE



BALITA na sa Setyembre, mag-o-open na uli ang mga kolehiyo at unibersidad at maraming magulang at mga nagpapaaral ang sumasakit ang ulo kung saan kukuha ng pambayad sa tuition, kasama rito ang miscellaneous fee.

Para saan ba itong miscellaneous fee?

Sa pagkainitindi ko, ito yung advance payment sa 'paggamit' ng kuwarto, silid-aklatan, aircon, laboratoryo, medikal, dental, kompyuter, mga gamit sa sports, tulad ng basketball at tennis court at iba pa na pasilidad ng paaralan.

E, ang totoo, marami sa mga gamit na ito ay hindi naman talaga nagagamit ng mga bata.

Halimbawa, hindi naman naglalaro ng basketball ang isang estudyante, e bakit obligado na bayaran ng 'miscellaneous fee' ang basketball court.

E, bakit pababayaran ang mga gamit at pasilidad ng paaralan sa tawag na 'miscelleaneous fee' e talaga namang kailangan ang mga iyon sa edukasyon ng mga bata?

Palagay ko, ang policy na ito ay dapat na rebyuhin ng ating mga educator at academician, lalo na at marami sa mga magulang ay talagang nagkakabaon-baon sa utang upang matustusan ang pag-aaral ng kanilang mga anak.

Nagkakamal ng malalaking halaga ng salapi ang mga may-ari ng paaralan sa singil sa miscellaneous fee na sa totoo lang ay hindi dapat na pabayaran.

Ito ay opinion lang naman namin, at ano kaya ang masasabi ng ating Department of Education at ng Commission on Higher Education?

Umani ng papuri at batikos ang tweet ni dating Congressman Gilbert C. Remulla tungkol sa guilty verdict sa kasong libel ni Maria Ressa.

"When Cory Aquino s president successfully sued Louie Beltran for libel, I don't recall anyone in the media calling it the death of press freedom or the death of democracy, Of course, she was an Aquino," tweet ni Gilbert – nakababatang kapatid nina Cavite Gov. JonVic at Cavite 7th Distrcit Cong. Boying Remulla, pawang makikisig na anak ni (+) Cavite Gov. Johnny Remulla.

Well, kinorek si Gilbert ng ibang journalist na kinondena raw naman ang pagsasampa ni Cory ng libel sa batikan at magaling na editor, kolumnistang si Mr. Beltran.

Dating ABS-CBN anchorman at reporter si Gilbert na nagtapos ng Master of Arts in International Affairs in International Media and Communications sa Columbia University sa New York City, USA.

Matagal ding hindi "lumutang" sa publiko si Gilbert na dati ring kongresista ng noon ay munisipalidad ng Imus at Dasmariñas (dating Cavite 2nd District) kaya isang welcome surprise ang kanyang tweet.

Tungkol renewal ng ABS-CBN franchise, I commend our very good congressmen Atty. Pidi Barzaga (4th District) at Atty. Boying Remulla (7th District) sa napakagaling na inquiry sa sinasabing violations ng giant network sa ating Constitution.

Marami rin kaming natutuhan at naliwanagan tungkol sa legalidad sa muling pagbabalik sa pamilya Lopez sa ABS-CBN, at katuwang nina Rep. Rodante Marcoleta at Rep. Mike Defensor, lumilitaw na ang radio-TV station ay naisauli nang walang sapat na dokumento at lumalabas na ito ay pag-aari pala ng gobyerno.

Well, aabangan natin ang iba pang development sa kasong ito.

The said activity was in support and compliance to the Inter-Agency Task Force (IATF) Resolution Numbers 41 and 45, Series of 2020.

The IATF Resolution No. 41 dated May 29, 2020 approved the DTI's recommendation to redassify the barbershop and salon industry as Category III, its gradual reopening beginning June 7, 2020 and the stringent health protocols for the industry. The IATF reconsidered the earlier opening of barbershops and salons in recognition of the very strict health standards that were developed and to be adopted before they can be allowed to operate to prevent any risk of COVID-19 transmission. As the CALABARZON region is under the General Community Quarantine, only basic haircutting services shall be permitted to be performed in barbershops and salons to shorten the time of service and lessen the exposure of customers.

On the other hand, the IATF Resolution No. 24 dated June 10, 2020 allows the gradual reopening of the dine-in food establishments in areas under the GCQ beginning June 15, 2020 at 30% operational capacity, provided that the venue capacity allows for social distancing protocols and compliant with the proper protocols set by the DTI, DOLE, DOT, DOH, and DILG.

Seventy (70) dine-in restaurants and fast food establishments and fifteen (15) salons and barbershops were audited. Based on the monitoring conducted, most business establishments were fully compliant. The rest of the firms were found to have minor non-conformities by the Monitoring Team and were advised to comply with the minimum health and safety protocols set by the DTI.

"We are very happy that business establishments in the CALABARZON region are giving us their full cooperation and support in following social distancing and health protocols to keep both the customers and workers safe. Based on the report, crime situation in the region showed a significant decrease in the crime rate in the 24 weeks baseline from March 17, 2020 - June 16, 2020 under the ECQ as against the pre-Covid period.

The community quarantine proved effective in preventing crimes but not necessarily in defeating the COVID-19 and with the gradual loosening of quarantine restrictions the PNP foresees an increase in the crime rate.

The PRO CALABARZON identified three main issues and concerns the region has to face with the leniency under the GCQ beginning with the spread of the coronavirus in PNP detention cells as commission of crimes increase. A solution recommended is the mandatory testing of PUPCs (Persons under Police Custody).

Also, a rise in the number of violators of the ECQ protocols that called for a recommedation for all provinces, cities and municipalities to pass resolutions imposing fines and community services to violators instead of imprisonment that would cause overcrowding in jail facilities. With the increase in the number of arrests the recommended mandatory testing would result to insufficient testing facilities thus, Mobile Testing facilities will be set up for this purpose.

The combined efforts of the PNP and PDEA resulted to a total of 7,636 Anti-Drug Operations conducted, 5,958 personalities arrested with total value of confiscated drugs amounting to Php2,838,964,482.00.

Topping the list of confiscated drugs is shabu with total value of Php2,836,106,600.00, followed by marijuana in its different forms totaling to Php2,857,915.68, next is cocaine with total value of Php4,934,141.00, and Nalbuphine HCL amounting to Php 24,000.00.

Center for Health Development - CALABARZON Assistant RD. Dr. Paula Luz M. Sydiongco, presented a detailed review of the COVID-19 situation in the CALABARZON provinces with data recorded as of June 23, 2020.

The province of Laguna recorded the highest number of COVID-19 cases with total of 621, next is Rizal province with 541 cases, Cavite came third with 502 cases, and the provinces of Batangas with 274 cases and Quezon has 147 cases.

Dr. Sydiongco enumerated several issues and concerns including: the different sources of data in reporting and cut-off time for the conduct of contact tracing; the difference in reporting templates used and the variable from various agencies; incomplete information in case investigation form (CIF); late and non-submission of reports on DOH Data Collect (DDC) app.

She also mentioned the non-submission of laboratory results from the Philippine Red Cross (PRC) - Mandaluyong chapter; late, and non-submission of laboratory reports among the 3 licensed PCR laboratories (De La Salle Medical and Health Sciences Institute, Lucena United Doctors Hospital and Medical Center, and Ospital ng Imus) during weekends.

Meanwhile, Ricky Bunao of the Department of Social Welfare and Development (DSWD)-IVA reported the completion of the first and second tranche of the Social Amelioration Program (SAP) served to all cities and municipalities in the five provinces in the region as of June 22, 2020.

Under the DSWD regular programs, a total of 103,398 families were given family food packs; 170,516 Social Pensioners were provided with cash grants, while 187,229 children benefited under the 9th cycle of Supplementary Feeding Program, and assisted 19,164 individuals in crisis situation.

Meanwhile, Lt. Col. Ronaldo Sarmiento, Commander of 60IB, expressed his optimism with the continuing campaign to end the local communist armed conflict within his Area of Operations which includes the Municipality of Laak and seven (7) other municipalities from other provinces.

"With this momentum—with national government agencies, local government units, and other stakeholders deliberately contributing to accomplish our goal of ending the local communist armed conflict; we may be looking at a very near future where all of our people are already enjoying the real gift of democracy, that is, a peaceful, economically stable, and socially productive community where everybody gets to choose his destiny and prosper in his own time," Sarmiento added.

The beneficiaries are now members of different SLP-formed associations, enjoying the benefits of a normal, peaceful, and productive living in their respective communities which are now all free and far from the evil influence of the communist-terrorist group CPP-NPA.

envelopes, notebooks, crayons, rulers, writing pads, ballpoint pens and pencils.

ChildHope Philippines has already helped in the distribution of the school supplies to poor communities in Marikina, and has worked with community and youth leaders to train mothers so that they can teach their kids basic writing, reading and life skills during the quarantine. Jem Tumbaga, Resource Mobilization and Communications Officer of ChildHope Philippines, said the other school supplies will be used in their EduKit Project and street learning sessions.

"By donating essential school supplies, SM Stationery has helped ease the burden for these children and their parents, especially now that we are facing a severe health, education and economic crisis," Tumbaga said.

Caritas Manila, the leading social arm of the Archdiocese of Manila, on the other hand, will use the donations to help its scholars, and sell the other donations in their Segunda Mana stores. The proceeds of the sale will be used to fund its projects to help not just students but also poor families struggling because of COVID-19.

The SM Group has been regular donor to Caritas Manila's COVID-19 relief efforts and its Youth Service Leadership and Education Program.

SM Stationery's donations complement the active participation of The SM Group in providing relief to frontliners and communities impacted by the COVID-19 pandemic.

SM Stationery, which offers a wide range of school and office supply products, is now open in The SM Store branches nationwide.
