

# Panukalang magbibigay ng medical scholarship sa mga nais maging doktor, isa nang ganap na batas

Nilagdaan na ni Pangulong Rodrigo Duterte ang Republic Act 11509 o doktor Para sa Bayan Act, na magbibigay ng medical scholarship sa mga nagnanais maging doktor.

Sa ilalim ng batas, kwalipikado sa scholarship grant na lito ang mga mahihirap ngunit deserving na estudyanteng Pinoy ng state universities and colleges, at mga private higher education institution, mula sa mga rehiyon na walang SUCs na nag-aalok ng kursong medisina.

Kalauan, ang mga scholar na lito naman ay inaasahang magsisilbi sa mga government o public hospital ng hindi bababa sa isang taon.

Layon ng batas na lito, na tugunan ang kakulangan sa mga doktor sa bansa.

Samantala, pirmado na rin ng Pangulo ang RA 11510 o Alternative Learning Act, na layong magtayo ng learning center sa bawat siyudad at munisipalidad para sa mga mag-aaral na may kapansanan, para sa mga mag-aaral na mula sa marginalized sector, at para na rin sa mga may edad na, na nais pa ring magtapos ng formal basic education.

Nilagdaan rin ni Pangulong Duterte ang RA 11511 o ang amyenda sa Organic Agriculture Act of 2010, at ang RA 11517, ang batas na nago-otrisa sa Pangulo ng bansa na pabilisin ang mga proseso at paglalabas ng national at local permits, mga lisensya at mga sertipikasyon tuwing mayroong national emergency.

## NATIONAL ID SYSTEM MAY 3M PINOY NA ANG NAKAREHISTRO?

**N**ilagdaan naman bilang batas ni Pangulong Rodrigo Duterte noong Agosto 2018 ang Republic Act 11055 o ang Philippine Identification System Act na may layong makapagtatag ng isang National ID para sa lahat ng mga Pilipino at mga residente, na kung saan nagkaroon na ito ng unang hakbang sa kasalukuyan. At bahagi ng pinakaunang hakbang sa pagpaparehistro ang koleksyon ng registrant's information, kabilang ang buong pangalan, kasarinlan, petsa at lugar ng kapanganakan, bloodtype at address.

Susundan naman ito ng pagtatakda ng appointment para sa biometric capture kung saan kabilang ang finger print, iris scan at front facing photograph.

Ayon pa sa Philippine Statistics Authority (PSA) gugugol lamang ng limang minuto sa pagpaparehistro ang bawat indibidwal, samantalang target naman ng nasabing ahensya na maiparehistro ang mayorya ng mga Pilipino bago matapos ang 2022. Ilan sa mga sinimulan ng ahensya ay ang pagkolekta ng demographics data mula sa target na low - income filipinos mula sa 664 na lungsod at munisipalidad.

Ang national ID ay isang proyekto ng ating gobyerno para sa ating mga Pilipino, upang ang pagproseso ng mga transaksyon ay mapadali at upang maiwasan ang pagpeke ng pagkakakilanlan o ang tinatawag na identity theft.

The government troops identified the NPA terrorists as Ruel Custodio alias Baste, head of Finance Staff of the Southern Tagalog Regional Party Committee who had a warrant for kidnapping and illegal possession of explosives and Ruben Estokado alias Oyo, a political instructor of Bicol Regional Party Committee. The duo were arrested in the house of Rhodora "Dhoray" Blas Tan, a

Board Member from the 4th District of Quezon Province.

The soldiers and police seized from the terrorists' possession two Cal. 45 pistols with magazines and ammunition, two hand grenades, several electronic devices, and subversive documents that could lead the authorities in uncovering their extortion activities.

MGen Greg T Almerol, Commander of 21D, said that "this incident shows

the drive of our soldiers and police in uniting and insurgency in country."

"Instead celebrating the anniversary, the remaining NPA terrorists remain hiding. Especially in the last few months where most of their cadres were either killed in combat, apprehended or have surrendered to the government's livelihood programs." (PIA-44 PA 21D DPAO)

revised meeting. "So the best way is ally to play safe. You put stop sa travel nila. That a good. Kasali na man guro iyan diyan."

Other measures include strict mandatory quarantine for travellers coming from countries with reports on the new COVID-19 variant — Hong Kong, Singapore, Australia. Travellers from those countries will undergo mandatory completion of 14-day quarantine regardless of their reverse transcription polymerase chain reaction (RT-PCR) test results, Health Secretary Francisco Duque III said.

Also, countries with no community transmission will consider travel restriction but only when transmission of new variant is at the community level, he said, citing the World Health Organization (WHO) could provide information. Philippine authorities' guidance.

The President also highlighted the importance of enhanced surveillance to detect the presence of the new strain in the country, in which local government officials will play a major role.

He warned mayors and barangay captains that they will be sanctioned if there are lapses on their part particularly in mitigating the spread of COVID-19 cases in their localities.

"Alam mo ang pinaka maayos na diyan is the mayor and the barangay captains. So make it an obligation for them to really strictly follow also the whatever direction that we take in this fight against COVID," President Duterte said.

"So mayors must exert

efforts na sa kanilang munisipyo at barangay is working and they can push hard also the barangay captains. Iyong mga barangay captains na hindi tumatrabaho and the surveillance in Manila would just notice that there is a spike in your barangay, then we will investigate why na may spike," he added.

The national government should make the most out of the country's existing structure of governance to make sure that local government units will do the best they can to protect citizens from the deadly coronavirus disease.

"This time, lahat tayo. I said it behooves upon everybody who is with government to contribute. Dapat lang gawin ninyo, nakikinig kayo sa sinasabi ng ano. Iyong surveillance talaga importante. And well, if there's a lot of people who are sick then maybe the national government would also contribute something to control the pandemic in your place," he said.

Last week, the UK reported more than 1,000 cases of new coronavirus variant, which experts said, is 70 percent more infectious.

To prevent the new COVID-19 variant from entering the country, the Philippines has temporarily banned flights from UK and intensified travel health protocols for travellers.

The Department of Health (DOH) recorded 1,406 new COVID-19 cases on December 26, bringing the total number of infections in the country to 469,005 with 431,005 recoveries and 9,067 deaths. (PND/Bhaby De Castro)

## DOST-RO2 BACKS UCV'S R&D FOR ENGINEERING

With the aim to enrich the Research and Development Ecosystem in the region, the Department of Science and Technology Region 02 (DOST-RO2) funded the Development of Direct-On-Line and Wye Delta Motor Starter Circuit Trainer for the Engineering Department of the University of Cagayan Valley.

Through a virtual Memorandum of Agreement Signing Ceremony, DOST-RO2 Regional Director Engr. Sancho A. Maborang officially awarded Php 254,000.00 to Dr. Esther Susan Perez-Mari, University President for the development of electric motor starter.

The said technology will be specifically used for the mechanical and maritime engineering, the banner programs of UCV.

With this Dir. Maborang looks forward to more active partnership with the maritime lead in region 02 in shaping the R&D ecosystem within their offered courses.

Delighted with this new project, the former instructor of UCV, now S&T leader in the region vowed more assistance in the said private university.

"This might be small, but DOST will open its door, windows, and even ceilings for R&D. Hindi naming mapondohan lahat agad, i-identify niyo kung ano ang priority, tuluy-tuloy naman ang binibigay na suporta ng sentral sa'tin", the director assured.

Overwhelmed with the assistance of DOST-RO2, University President Dr. Perez-Mari, guaranteed that this project will indeed benefit their engineering students, hence, will make their institution even greater than what they are now.

This Grant-In-Aid project does not only aim to provide assistance to the said institution but also to create Intellectual Property Rights registrations in support of its EINSTEIN 1K project.
