

5 million Caviteños to get COVID-19 vaccine for free — Gov. Remulla

IMUS, Cavite Mar. 29 --The city government here has formally opened on March 28, the St. Dymphna Isolation Facility in Barangay Palico IV in response to the alarming rise in the number of COVID-19 cases in the city.

During the blessing and inauguration of the facility, Mayor Maliksi said, the facility presents two basic advantages. The facility offers a comfortable and conducive place to isolate asymptomatic and mild cases for residents who could not afford proper home quarantining, and decongest the hospital's full bed capacity as it will serve as a step-down facility where convalescing COVID-19 patients can continue the treatment and care until they are fully recovered.

"This way the hospitals can accommodate other patients with moderate and severe symptoms who will be needing immediate medical attention and treatment," added Maliksi.

The 5-storey, 141 room facility can accommodate more than 500 patients (Suspect, Probable or Confirmed) who are asymptomatic or with mild symptoms of the disease.

Patients will be provided food, medicines, and proper medical care thus, the use of the facility will mitigate the chances of the further spread of the infection since the said COVID-19 cases are limited within the confines of the facility.

Consequently, the Ospital ng Imus (ONI) and the Medical Center Imus (MCI) announced their facilities have reached 'full bed capacity' with the emergency room and COVID ward of the latter health facility in full capacity as of March 27, 2021.

Due to this situation, hospital officials advised the public to seek treatment from other health care facilities within the city or in neighboring cities. **▶ 1.5 MILLION • 6**

PUMPING EXERCISE NAGING SANHI NG KAMATAYAN?

I nulan naman ng samu't saring komento ng mga netizens sa social media, ang mga pulis sa General Trias City matapos ang ginawang paghuli sa isang lalaki na lumabag umano sa curfew. Dahil pinarusahan daw ito ng daang beses ng pagpumping na hinihinalang naging sanhi ng kanyang kamatayan. Kasabay nito umalma din ang mga residente ng buong lalawigan, dahil umano sa maling pagpaparusa sa biktima, dahil base sa fb account ng isa sa pamilya ng biktima. Huwebes ng gabi ng arestuhin umano ang biktima ng mga pulis, matapos lumabag sa ipinatutupad na curfew bunsod ng Enhanced Community Quarantine (ECQ).

Sa karagdagan impormasyon na nakalap, sinabi ng pamilya na ang paglabas ni Darren ay upang bumili ng tubig na inumin makaraang sila ay maubusan. Subalit matapos umanong huliin ay dinala na ang biktima sa Malabon, General Trias Police Station kasama ang iba pang mga nahuli at dito na umano pinagpumping ang mga nahuli ng 100 beses. Pero dahil sa hindi sabay - sabay iniutos umano ng mga pulis na kailangang sabay - sabay ang lahat. Hanggang sa umabot sa 300 ang bilang ng pagkilos ng walang pahinga at pinalipas ang magdamag bago pinauwi ang mga lumabag sa curfew.

Kinabukasan alas - 8 na ng umaga nakauwi si Darren na halos hindi na umano makalakad, at dumadaing sa hirap. Samantalang naisalaysay niya pang lahat sa kanyang pamilya ang mga nangyari

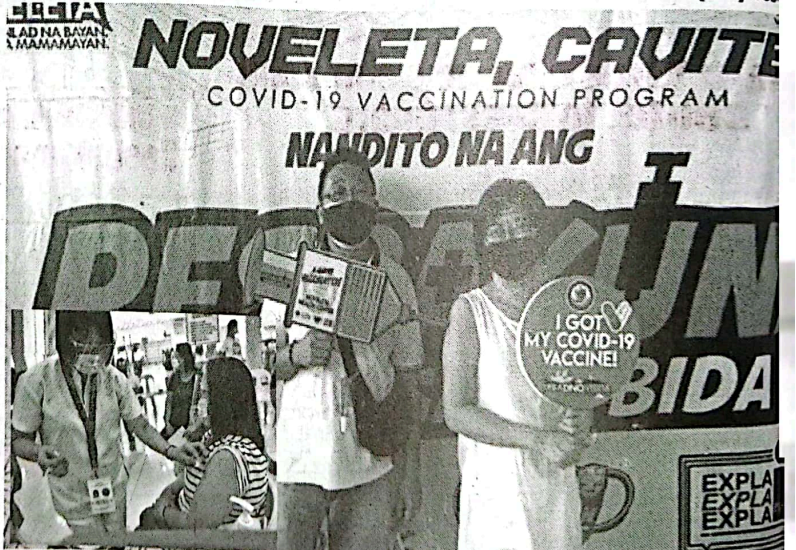

bago magpahinga, binanggit din ng binata kung ilang beses siyang natumba habang isinasagawa ang pumping. Araw ng sabado ng madaling araw biglang kinumbulsyon ang biktima at nanigas na naging

mas palawakin pa ang pag-aaral sa posibilidad na muling magkasakit ang isang nabakunahan na ng Covid-19 vaccine.

Ito ay dahil sa dumaraming report na may mas mapanganib na Covid variant na posibleng hindi makontrol ng itinuturok na bakunang kontra sa virus.

Kaya, ipinapayo na panatilihin malinis sa sarili ang isang bakunado na.

Patuloy pa rin na magsuot ng face mask o facer shield ang isang vaccinated na.

Ipinapayo pa rin na iwasan ang mataong lugar at panatilihin ang social distance sa mga pook publiko at kung bibisita sa mga kaanak o kakilala na hindi na nababakunahan.

"Wag maging kampante kahit naturukan ng gamot, payo ng mga doktor.

Payo ni Dr. Gallo: "We still have to be cautious."

Kailangan ang bakuna, aniya.

"The vaccine is essential. But it is not a cure-all that ends the epidemic tomorrow."

Ang totoo, sabi pa ni Dr. Laraine Lyn Washer, isang infectious disease expert ng University of Michigan, dahil sa pagdami ng Covid-19 variant, pwede pa ring mahawa at makahawa ang isang vaccinated person.

"We want to think it's all or none, but it's very situation-specific," sabi ni Dr. Washer.

Sabi nga, "Prevention is better than the cure."

Hindi dapat na magpabaya ang isang bakunado na at isipin na ligtas na siya sa nakamamatay na epekto ng Covid-19 virus.

Kahit malayo na ang peligrong magkasakit pa, dobleng ingat at pagsunod pa rin sa health protocols ang dapat na gawin ng lahat hanggang tuluyang mawala na ang virus ng Covid-19.

Kaya pala sa Canada nagpapagamot ngayon si Boss Eli kasi FREE lahat, at ang sabi nga niya, kahit na magpa-caesarian section ang isang buntis, free lahat: gamot, doctor at iba pa.

Kungdi kaya, dinadala sa US via helicopter ang pasyente, naka-book sa hotel ang kasama ng pasyente, lahat ng gastos sa gamutan ay sagot ng provincial federal government.

Sana ganyan din tayo rito, kaya lang...

Bringing Art and People Together

My City, My SM, My Art, which recently launched its book just in time for the National Arts Month, is the latest edition in the My City, My SM series, which celebrates the beauty, culture, traditions, and great people in cities around the Philippines where SM has malls.

Cherish the artist, Ben Cabrera, with artist series My City, My SM, My Art launch in SM Baguio.

SM CITY BAGUIO

National Artist Ben Cabrera

A painter, printmaker, and sculptor, he has exhibited widely in the Philippines, and in Asia, Europe, and the United States.

National Artist Ben Cabrera (1923-2006) was a Filipino painter, printmaker, and sculptor. He was born in Baguio, Benguet, and studied at the University of the Philippines in Manila. He spent most of his life in Baguio, where he was a founding member of the Cordillera Cultural Center. He was a member of the National Artist Award in 1992.

The book features masters from each region whose works were exhibited in SM's malls. These include National Artist Ben Cabrera in Baguio.

This comes after My City, My SM, which promotes tourism; My City, My SM, My Cuisine, which highlights heirloom recipes from prominent families in the different regions; and My City, My SM, My Crafts, which showcases traditional arts and modern Philippine design.

My City, My SM, My Art celebrates Philippine visual arts – painting, sculpture, printmaking, photography, and filmmaking. It aims to bring people and art together in a roadshow featuring the works of masters, modernists, and millennials around the SM Supermalls.

National Artist Jose Joya

As an artist who pioneered abstraction, Jose Joya imagined worlds of possibility beyond the confines of tradition. In doing so, he paved the way for new ways of thinking about art as a practice, a profound personal work in the world of Philippine art. Joya became a pioneer in abstraction as early as the age of 17. Under a scholarship, he studied at the University of the Philippines (UP) College of Fine Arts in 1950, where he graduated in 1953, earning the distinction of being the college's first Magna Cum Laude.

After his graduation, Joya worked in various capacities, including as a teacher and a curator. He was a member of the National Artist Award in 1992. He was a member of the Cordillera Cultural Center and the Cordillera Museum in Baguio. He was a member of the National Artist Award in 1992.

Our cultural journey began on March 2016 at SM Seaside City in Cebu with an exhibit featuring artists from the Queen City of the South including maestro Romulo Galicano; and concluded on March 2019 at SM City Cebu with the masterpieces of Manuel Rodriguez, Sr., the Father of Philippine Printmaking leading the way.

In between, our search for art and artists brought us as far north as the Baguio and the Cordilleras and as far south as General Santos in Mindanao. During those three years, we advocated art for all by working closely with communities, schools, and the public to mount exhibits, workshops, and contests in key cities around the Philippines. These were featured in the Philippine Star, our project partner, as well as in local media, and a cultural series in regional cable channels.

To make all these possible, we collaborated with the National Commission for Culture and the Arts, the Metropolitan Museum of Manila, and the Shell Companies of the Philippines; as well as the Philippine Star, Center Stage Productions, and

Along the way, we were able to have a glimpse of what makes Philippine art unique, and how close family ties, ingenuity, and a sense of community played key roles in its development.

We have seen how Filipino art has flourished through families like that of Cebu; as well as those of masters Mauro Malang Santos; Jose Pitak; Eduardo Castrillo whose children – and in some cases grandchildren – are a new generation visual artists. There are also wonderful examples of fathers and sons together – National Artist Abdulmari Imao and Toy Living Treasure Eduardo Mutuc and Eduardo, Jr., Ricarte Puruganan, Manuel Baldemor and Monnar, Romulo Olazo and Jonathan.

Family members have also played significant roles in preserving legacies of their loved ones: Josie Baldovino for her brother National Artist Guillermo, Daisy Tolentino-Mendez for her father National Artist Guillermo, and Totong Francisco II for his grandfather National Artist Carlos Botong. We were both honored and touched when the family of Manuel Roc flew all the way from the US and the Bahamas to join us in the tribute father at SM City Cebu.

We were also amazed at how Filipino artists created groundbreaking from non-traditional materials. With art supplies either too costly, unavailable, Baguio's Jordan Mang-on and Patric Palasi found their solar and coffee art, respectively; while Palawan's Elordie Mesac crafted from rubber slippers. When his materials were washed away by super Yolanda, Tacloban-born Dante Enage began using tuba, a local wine made from coconut juice, as his medium.

The rise of regional Fine Arts schools like the Philippine High School in Laguna, the University of Mindanao, the University of Rizal System, Consolacion College in Bacolod, Ateneo de Naga, and the Adventist University of the Philippines in Cavite have likewise been vital to the growth of the country.

opisyal ng Department of Health (DOH) at Provincial Health Office (PHO) upang saksihan at aprubahan ang mga pasilidad, mga gamit at prosesong gagawin ng mga medical personnel sa gagawing vaccination sa siyudad.

"Kasama po natin ang mga taga DOH at PHO upang masaksihan at maaprubahan nila ang proseso at sistema na inianda natin," sabi ng alkalde.

Dagdag ni Mayor Lubigan, batay sa ginawang evaluation ng DOH at ng PHO, matapos ang simulasyon, handa na ang ResBakuna Team sa vaccination.

Aniya, kung mababakunanhan ang

maraming residente, matatamo ang posibilidad na maramo ang ninanais na 'herd immunity' sa TMC.

Kung marami na ang bakunadong Treceño, mababawasan ang panganib ng mabilis na pagkalat ng virus at pagkakasakit ng mga hindi pa matuturuan ng panlaban sa virus ng Covid-19, paliwanag ni Mayor Lubigan.

"Itutuloy po natin ang pagbabakuna sa A1 priority na nasimulan na din ng GEAMH. Handa na po ang Resbakuna Team," sabi ng unang babaeng alkalde ng TMC.

Ipinaalaala ni Mayor Lubigan sa mga kalungsod na laging bistahin ang mga abiso at post sa opisyal niyang

During his speech, Maliksi shared the LGU in collaboration with the DOH and the City Health Office developed four safe measures for the quick and safe administration of the CoVID-19 vaccines.

First, the vaccination site at the Ospital ng Imus where the official rollout of the vaccination was held, second, the CoVID-19 Drive-Thru Vaccination Site at the Robinson's Place Imus, and third, the Onsite CoVID-19 Vaccination/Mobile

Vaccine Clinic, and lastly, the upcoming conduct of house-to-house vaccination of residents who are not capable of being physically present at the vaccination centers.

Maliksi said, "Ang kulang na lang po ay ang mga bakuna upang makamit natin ang sinasabing 'herd immunity' at mapagtagumpayan natin ang laban sa CoVID-19. Hinihimok ko rin ang mga pamunuan ng ating karatig bayan kung

12 individuals rescued from capsized boat off Cavite city shore

Twelve individuals including three (3) minors were rescued by the personnel of the Philippine Coast Guard (PCG)-Cavite in the waters of Barangay 49M, Bagong Pook, Sangley Point in Cavite around 7:20pm last night.

The rescue operation was successfully pulled off by the joint element PCG-Cavite City and PCG-Noveleta.

PCG-Cavite Provincial Commander Lt. Michael Encina identified the rescued individuals as: Boat Captain Erwin Ferrer 60yo, passengers Mary Jane Ferrer 27yo, Kurt John Above 27yo, Mali Ferrer 18yo, Arvie Gabrina 26yo, Emilio 58yo, Anthony Ledesma 38yo, Mark Justine Ferrer 21yo, Ronaldo Dela Donna Larace 16yo, Ivan Salvador 13yo, and Myco Bantillo 10yo.

Initial investigation revealed that the group sailing on the yellow motorboat enroute back to their place of origin in Pulan Lupa, Las Piñas City-Cavite City at around 5pm.

Unfortunately, the boat encountered big waves which eventually capsized. The PCG rescue team ferried the rescued individuals safely to their destination. (Ruel Francisco PIA-Cavite with reports from Dennis Abrina)

very essential as this may lead to further coaching and mentoring in the next stages."

These back-to-back events were attended by various Research and Development Institutes (RDIs) and State Universities and Colleges (SUCs) in the region namely, the DOST-Industrial Technology Development Institute, Southern Laguna State University, Laguna Polytechnic University, Cavite State University, Batangas State University, and University of the Philippines Manila.

Workshop on Investment Pitching

Following the "Webinar on the Assessment of Technology and

Investment Readiness Level of RDIs/SUCs' Technologies" conducted by DOST-CALABARZON, DOST-PCIEERD, and DOST-TAPI last 19 February, the "One-day Workshop on Investment Pitching for Potential Startup Founders" was organized by the Ateneo Intellectual Property Office (AIPO) last 17 March.

Featuring some of Ateneo de Manila University's (ADMU) notable experts on business and management, the said workshop consisted of a series of talks and presentations as well as the drafting of pitch decks to prepare the participants in their technology commercialization journey. The resource speakers for the workshop were Mr. Benjamin Mirasol on "Can

technology business. In the afternoon, the participants drafted their own pitch decks and presented it to the judges for critiquing.

Mock Pitching Event

The third part of the STARTT program is the Mock Pitching event where 12 technologies from the chosen RDIs and SUCs will present their recorded pitching videos to the panelists, followed by the open forum.

Ms. Russell Pili, Chief Science Research Specialist and Chief Technology Transfer Officer of the Research Information and Technology Transfer Division (RITTD) of DOST-PCIEERD, gave the opening remark.

"I know that this is not exhaustive enough but this is enough to give you at least a glimpse of what it's like [to pitch]," admitted Ms. Pili. "The purpose of the pitch naman is to start a conversation." She assured the participants—especially the new ones—in the form of a joke, saying that while they should be nervous, they should also envision the mock pitching event as the "real" pitching session.

The program proper involved the video presentations from the chosen RDIs and SUCs in the first session of STARTT last month. After each product pitch, the panelists offered their critiques and suggested ways on how to better "market" these technologies. Mr. Edward Paul Apigo of DOST-PCIEERD, together with the speakers from the previous STARTT workshop on investment pitching namely, Mr. Benjie Mirasol, Mr. Jon Fernandez, and Mr. George Quitarano of ADMU, served as the panelists. As part of the banner program, STARTT, the previous workshops are to prepare the participants for the Regional Technology Transfer Day where potential investors and adopters will be invited, and the actual pitching will take place. (Halyn Lunel Gamboa and Rochelle Cruz)

You Be An Entrepreneur?" Mr. JJ Ingco III on "Describing Your Product"; Mr. Antonio Jr. P. Feria on "Strategizing for Market Adoption"; and Mr. George S. Quitarano on "Convincing the Investors".

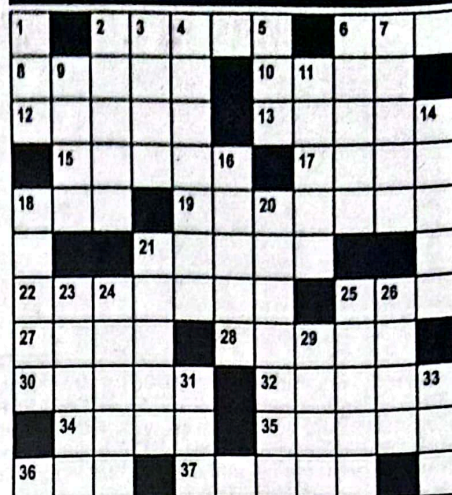

The lectures helped the participants first to be inspired that they can become successful entrepreneurs and developed their skills on pitching by describing their own technology in a way they think that will capture their market's interest. They were also equipped with concepts and strategies on market adoption and lean model canvas for prospective

"Home care is a possible solution" - Rep. Enrico "Eric" Pineda

Dahil sa biglaang pagpalo at paglobo ng kaso ng COVID-19 sa bansa halos ang mga ospital ay napuno ng pasyente, na siya namang panawagan sa kinaukulan ni 1-PACMAN Party List Representative Enrico "Eric" Pineda.

Na payagan ng gamutin ang mga COVID-19 positive patients sa kani - kanilang mga tahanan, dahil ayon sa kongresista dapat daw tularan ng Department of Health(DOH) ang bansa ng Panama. Kung saan ang kanilang mga COVID positive citizens ay ginawan ng isang alternatibong paraan sa kadahilanang hindi na matanggap sa kani - kanilang mga pagamutan dahil sa pagdagdag ng mga pasyente na tinamaan ng Corona Virus, kung kaya't minabuti ng kanilang gobyerno na sa mga tahanan na lang nila bigyan ng kaukulang
