SHOOT THEM DEAD!

Marami ang nabigla sa pahayag ni Pangulong Rodrigo Roa Duterte sa kanyang talumpati noong ika-1 ng Abril 020, dahil marami ang hindi makapaniwala a mabanggit ng pangulo ang nasabing salita. larahil ang isa sa umalma ay ang Commission n Human Rights na siyang nagtataguyod ng arapatan ng bawat mamamayan. Kung bakit anon ang tinuran ng Pangulo ay dahil sa valang tigil na paglobo ng kaso ng COVID-19 a magpahanggang sa kasalukuyan ay halos mabot na sa 5,000 cases.

Ang kaso ang nasabing pahayag ng Pangulo y ginawan naman ng butas ng ilang kritiko a diumano'y palabas lang na Quarantine pero ng totoo Martial Law. Pero base naman sa nga balita hindi pa man nagtatalumpati ang angulo ay meron ng naitalang kaso ng amamaril ng militar sa isang sibilyan sa San defoso, Bulacan. Dahil dito maraming nag - sip kung ano na nga ba ang patutunguhan g bansa? Quarantine nga ba o Martial law? a isang banda hindi rin masisi ang ilang militar ahil tinutupad lamang nila ang kanilang ungkulin, dahil sa banta ng kalaban na hindi akikita ng mga mata na walang iba kundi ang OVID-19. Subalit sa huli kailangan pa rin galang ang karapatan ng mga mamamayan.

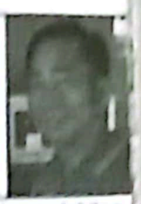
GAWING PRODUCTIVE ANG MGA PASAWAY

PAG-USAPAN NATIN

NI DOMZ B. CAOILE



SA kanyang Facebook account, nabasa ko ang suggestion ng negosyanteng si G. Jojit Cabarloc Jr. para maging kapaki-pakinabang ang ayaw paawat na pasaway na kahit bawal na bawal nang lumabas ng bahay nang wala namang makatwirang dahilan ... hindi mapigil ang makating kalyo ng talampakan.

Sabi ni Konsi Jojit, sa halip na ikulong, gawing assistance ng mga hea... frontliners ang mga pasaway na ito. Gawing tagabuhat, alalay ng mga dokt... nars at/o kaya, kasing katulong sa paglalagay sa body bag ng mga namamat... sa Covid-19.

O kaya gawing katulong sa punerarya o pagtrabahuhin kaya na katuwang ... mga basurero at tagalinis ng kalsada, at iba pang maruruming lugar. Alam na... na suggestion ito na hindi seseryosohin ng gobyerno.

Wika nga, pa-humor ito at kung seseryosohin ng tagapagpatupad ng Enchanc... Community Quarantine (ECQ), e di wow!

E, bakit ng aba, hindi maawat sa paglalakwatsa ang mga 'pasaway'? Yu... iba, dala ng pangangailangan: kailangang dumiskarte, kasi, naka-ilang 'wa... na sa pamimigay ng relief goods, ni isang de latang sardinas, walang natatangga...

Totoo naman ang hinaing nila: may mga kapitan na kupitan kasama ang m... kagawad na kasabwat sa panlalamang sa mahihirap at walang-wala. Nabalita... na ba nyo yung isang kapitan na pinatay sa taga ng itak ng isang ama ... pinagkaitang bigyan ng relief goods at naburyong na sa gutom.

Hindi malayong maulit ito, ngayong maraming reklamo na pinakikialaman ... mga kapitan kung sino lamang ang bibigyan ng ayudang 5-8K na soc... amelioration subsidy. Sa kabila ng utos na bawat pamilya (hindi bawat baha... ang bibibigyan, gumagawa ng sariling guidelines ang mga tauhan ng DSWD.

"Lahat" ng apektado ng Covid-19 ay bibigyan mula sa ayudang P200-bilyo... pero ang mga sakim, at utak-korap, binabaluktot ang batas para makapandug... Kaya ang challenge, ay ipaskel, ilantad sa publiko kung sino-sino ang tumangg... ng 5-8K nang magkabistuhan kung sino-sino ang nakinabang at ang mga dap... na nabigyan na napagkaitan.

Napansin ko rin, may ilang mayor, kapitan at namumuno na maraha... mapanakot, malupit sa pagpapatulad ng ECQ. Naghahari sa kanila ang pansarili... interes at manhid sa sigaw ng mga nabuburyong sa gutom at pagtitiis.

Pero makatutuwang may mga pribadong tao, mga kompanya na hindi nam... mayaman pero bilyonaryo ang damdamin at puso sa pagbibigay ng kahit ano... maitutulong na pagkain, gamot at mga gamit sa buhay ng mga hindi naaabut... ng tulong at wala talagang ikakaya para may maipakain sa kanilang pamilya ...

Sa inyo po na marami ay ayaw magpabanggit ng pangalan, maramin... maraming salamat po. Gayundin sa mga alkalde, kapitan, kagawad, mga tao... gobyerno na pati sariling bulsa at yaman ay buong pusong ibinibigay para ... mga kababayan. San-milyong pagsaludo sa inyong kabutihan.

Hanga rin talaga ako sa Pinoy, kahit nakaiiyak, nakapaghihinagpis a... sitwasyon, hindi pa rin maubos-ubos ang sense of humor. At madiskarteng wa... sa lugar.

Upang hindi mahuli sa bawal na pagkukumpol-kumpol sa labas, aba, sa bubo... ng bahay na sila nagto-tong-its at nag-iinuman, mga walang galang talaga ... batas ang mga kumag.

Pabor ako sa ginawa ni Manila Mayor Isko Moreno sa kanyang shame campai... na ibando at ibrodkas sa bayan ang mga pangalan ng mga pasaway, baka ... ganun ay tablan ng kahihiyan.

The team embarked on the research project last March 27, 2020 and developed the prototype at the Material Science and Polymer Chemistry Laboratory in CSU, a project funded by the DOST-Philippine Council for Industry, Energy and Emerging Technologies Research and Development (PCIEERD). The lab serves as a facility, not just for researchers who are into materials development, but also for local industries. The team's current work is on cellulose biopolymer where they saw the potential in developing a filter material from it while integrating nanotechnology.

The team used paper wastes, acid, base, and bleaching reagents to produce nanocrystals then integrated with nanocellulose film to increase the filtering capability of the product. According to Dr. Capangpangan, the nanocellulose crystals can also be extracted from agricultural wastes such as pineapple leaves and water hyacinth.

The research is in collaboration with the College of Engineering and Geosciences (CEGS) and Caraga Fabrication Laboratory in CSU in developing the 3D printed face masks. The lab also collaborated with Dr. Arnold Alguno from the MIndanao State University-Iligan Institute of Technology (MSU-IIT) for the nanocellulose extraction.

The nanocellulose filter will cost around Php15.00 per piece, while the 3D ... if mass produced. The face mask can be reused while the filter material can be sun dried before reusing. The team continues to modify and test the product for its longevity.

Results from the flame and wettability tests show that the nanocellulose filter performs well as much as the commercial face masks. Naunang nabigyan ng tulong o ayuda ang mga miyembro ng 4Ps at CBMS kada dalawang linggo, pati ang mga Solo Parent at PWDs na more than 12,000 Pcs foodpacks Lingg-Linggo. Ang sektor na ito ang ...una kasi sila talaga ang w a l a n g mapagkukuhanan ng pagkain sa araw-araw.

Sa ngayon, halos lahat na ng barangay ay "naramdaman" na ang kalinga ng pamahalaang lungsod na may iskedyul ang pamamahagi ng ayuda, na dito, si Mayor Maliksi at Vice Mayor at city councillors at city government employees ang katulong sa pamamahagi.

Isa sa naging problema ay kung saan kukuha at bibili ng maraming bulto ng pagkaing de lata, bigas at iba pang food items at maraming salamat sa kooperasyon ng PureGold, SM Hypermarket na agad tumugon sa delivery ng mga supplies kaya, nakagawa ng 100,000+ food packs na 24 oras na pinagtiyagaang ipakete ng mga cityhall employees at ilang volunteers.

Bukod sa food packs. May kasama ring vitamin C para sa mga Senior Citizens, PNP at lahat ng nasa Frontliners.

Nagtayo na rin ang city government at ang ating Ospital ng Imus at city health officials ng sariling "Field Hospital" o mga tent para duon ay matingnan at mabigyan ng medical tests at treatments ang mga persons under investigation (PUI) at persons under monitoring (PUM).

Kinausap din po ni Mayor Maliksi ang Research Institute for Tropical Medicine (RITM) sa Alabang, Muntinlupa City at iba pang Testing Center na mabigyan ng daily slot para maexamin ang mga PUM at PIU ng Imus. Mayroon na ring Incident Command System na binuo ang alkalde para sa monitoring ng PUI at...

REMULLA: MIDDLE-CLASS ARE STRUGG
THEY NEED ASSISTANCE FROM GOVERN

AVITE Governor Juanito Victor 'JonVic' C. Remulla appealed to resident Rodrigo Roa Duterte to include the middle-class families in e national government's cash subsidy programs.

"They are barely ruggling," Remulla id in his letter of ppeal to the President osted in his Facebook count recently.

The governor said e wrote the letter to ppeal for the middle ass and should be part the social nelioration programs APs) which the epartment of Social elfare and evelopment (DSWD) hich include cash ıbsidiaries to families eatly affected by the ovel coronavirus sease-19 crisis.

The government has lotted P200 billion for e SAPs where 18 million families will be covered by the program in two months.

The DSWD will provide SAPs measures to families belonging to vulnerable sectors affected by the enhanced community quarantine (ECQ) amid the Covid-19 crisis as mandated by Republic Act No. 11469 (Bayanihan To Heal as One Act).

In his FB post, Remulla praised the national government's efforts to address the COVID-19 crisis in the Philippines,

"We finally have the leader we have been waiting for. Issues which only you had the authenticity to battle. Despite the crisis, the country's economy is in resilient shape and promises to have a sharp rebound after," the governor wrote and added that the President's "economic advisers have served you well."

Remulla said that the middle-class people rely on their monthly pay and government loans and income taxes are deducted from it.

The Covid-19 crisis affected everyone, "not just the poorest of the poor, but also those who have built much but not enough," he said.

DOST-funded CSU lab develops innovative filter for face mask

he problem of the lack of effective face masks motivated the team of r. Rey Capangpangan from Caraga State University (CSU) to develop e nanocellulose filter material which is sourced from waste materials produce face masks that are now very important for frontliners attling COVID-19.

Cloth face masks are especially in demand now. But are the ordinary face asks really effective against coronavirus? Sadly, no. These cannot filter larger oplets containing the virus because of the large pores in the material. However, th the shortage of commercial masks like surgical and N95 masks, people oted to use washable cloth face masks.

This problem motivated the team of Dr. Rey Capangpangan from Caraga State niversity to develop a filter material that can be inserted in the cloth face mask efficiently filter out contaminants – the nanocellulose film which
