Rappelling and Rope Safety Training Held for CCTF-STEP Command Officers

Guiguinto, Bulacan— July 28, 2026 – The Climate Change Task Force (CCTF) conducted a specialized rappelling and technical rope access training for its STEP Command Officers here, boosting emergency response readiness while advancing the Climate Action Now! advocacy.

The activity was headed by National Commander Richard Nixon Gomez. Facilitated by the Zion Emergency and Disaster Rescue Unit, under the leadership of Mr. Ryan Apduhan, the session covered proper harness fitting, knot-tying, controlled descent, equipment maintenance, and emergency rescue procedures—critical skills for responding to typhoons, floods, landslides, and other climate-driven disasters. Instructors demonstrated safe suspension and maneuvering techniques on purpose-built rigs, while all participants

completed guided practice under direct supervision.

Participants donned shirts bearing the Climate Action Now! message, reinforcing that building operational resilience goes hand-in-hand with environmental stewardship. “We do not just train to respond; we train to protect communities increasingly vulnerable to the worsening impacts of the climate crisis,” shared Apduhan. “Preparedness is both a life-saving measure and a key part of our collective climate action.”

This training reflects

the organization's broader dedication to building a capable, unified response force prepared to serve communities across the country in all types of emergency situations.

2 ESTUDYANTE NG TANZA NAT'L TRADE SCHOOL, IBINALIK ANG NAPULOT NA iPhone 16

TANZA, CAVITE - Muling nagningning ang pag-asa sa pamamagitan ng dalawang kabataang nagpamalas ng pambihirang katapatan.

Sa halip na magpadala sa tukso ng mamahaling gadget na kanilang napulot, pinili nina Adrienne Israel R. Ables at Kyle Ichicko R. Macatangay, kapwa Grade 10 students ng Tanza National Trade School, ang landas ng katapatan at malasakit.

Ang kanilang ginawa ay nagsilbing makapangyarihang paalala na ang tunay na yaman ng isang tao ay hindi nasusukat sa halaga ng kanyang pag-aari, kundi sa integridad na kanyang pinanghahawakan.

Hindi nag-atubiling isuko ng dalawang mag-aaral ang napulot na iPhone 16, na kalaunan ay matagumpay na naibalik sa tunay nitong may-ari na si Claire Francisco sa pangunguna ni Barangay Captain Allan Gumbayan ng Brgy. Paradahan-I, Tanza Cavite.

Ang simpleng gawaing ito ay naging isang inspirasyong nagbigay-liwanag sa buong komunidad ng Brgy. Paradahan Uno.

Pinatunayan lamang nina Adrienne at Kyle na nananatiling buhay ang mga pagpapahalagang itanim ng kanilang pamilya, paaralan, at komunidad.

Ipinakita nilang ang katapatan ay hindi lamang isang aral na binabasa sa aklat, kundi isang prinsipyong isinasabuhay kahit walang nakakakita.

Ang kanilang kabutihang-loob ay agad na umani ng paghanga mula sa mga residente at mga netizen.

Marami ang nagpahayag na ang ginawa ng dalawang mag-aaral ay isang huwarang halimbawa ng pagiging responsableng mamamayan at tunay na "Pag-asa ng Bayan."

Naging mahalaga rin ang naging papel ni Kapitan Allan Gumbayan sa maayos na pagsasauli ng cellphone sa may-ari nito.

Sa pamamagitan ng maagap na aksyon at pakikipagtulungan, natiyak na ligtas na naibalik ang mahalagang gamit kay Claire Francisco, na labis ang pasasalamat sa katapatan ng dalawang estudyante.

Bagama't unti-unting sinusubok ang dangal at integridad ng tao, ang kuwento nina Adrienne at Kyle ay nagsisilbing ilaw na gumagabay sa landas ng kabataan.

Hindi man nila hinangad

ang papuri, ang kanilang kabutihan ay nag-iwan ng aral na higit na mahalaga kaysa anumang mamahaling bagay na ang katapatan ay kayamanang kailanman ay hindi kukupas.

Nawa'y magsilbi silang

inspirasyon sa bawat Pilipino na piliing gumawa ng tama sa lahat ng pagkakataon, sapagkat ang bawat mabuting gawa ay hindi lamang nagpapasaya sa kapwa, kundi nagbubukas din ng mas

maraming biyaya at pag-asa para sa buong pamayanan.

Tunay ngang ang kabataang may puso, dangal, at malasakit ang siyang matibay na pundasyon ng isang mas mabuting kinabukasan.

FEATURED STORY

SUMMA CUM LAUDE NA PARING KABITENYO, NAGNINGNING SA BELGIUM; DINALA ANG GALING NG PILIPINO SA MUNDO NG TEOLOHIYA

CAVITE — Isang malaking karangalan ang muling iniuwi ng isang paring Kabitenyo matapos magtapos bilang Summa Cum Laude sa isa sa pinakakilalang pamantasan sa buong mundo para sa pag-aaral ng teolohiya.

Kinilala si Fr. Ansley Falame, pari ng Diocese of Imus, matapos niyang makamit ang pinakamataas na karangalan sa Master of Advanced Studies in Theology and Religion (Research Master's) sa Katholieke Universiteit Leuven (KU Leuven) sa Belgium.

Ang kanyang natatanging tagumpay ay inanunsyo ng Philippine Association of Belgian University Scholars, na nagpuri sa kanyang pambihirang akademikong husay.

Bilang isang pari at iskolar, nakatuon ang pag-aaral ni Fr. Ansley sa contemporary Catholic systematic theology, na nagsusulong ng mas malalim na pag-unawa sa mga aral ng Kristiyanismo sa pamamagitan ng pakikipag-ugnayan sa makabagong pilosopiya at human sciences.

Layunin nitong pag-ugnayin ang mga walang kupas na turo ng

Simbahan sa mga hamon at realidad ng makabagong panahon.

Ang KU Leuven, na itinatag noong 1425, ay kinikilala bilang isa sa mga pinakamahusay na unibersidad sa buong mundo pagdating sa larangan ng teolohiya at relihiyon.

Dito nag-aaral ang mga pari, madre, iskolar, at mananaliksik mula sa iba't ibang bansa upang higit pang palalimin ang kanilang kaalaman sa pananampalataya at doktrinang Katoliko.

Hindi lamang personal na tagumpay ang nakamit ni Fr. Ansley kundi isang karangalang ipinagamamalak rin ng Diocese of Imus, ng lalawigan ng Cavite, at ng

buong Pilipinas.

Pinatutunayan ng kanyang tagumpay na kayang makipagsabayan ng mga Pilipinong iskolar sa pandaigdigang larangan ng akademya at teolohiya.

Sa panahong hinaharap ng Simbahang Katolika ang iba't ibang hamon sa makabagong lipunan, nagsisilbing inspirasyon ang tagumpay ni Fr. Ansley Falame na ang sipag, talino, at matibay na pananampalataya ay maaaring maging daan upang maitaas ang dangal ng bansa at maiparinig ang tinig ng mga Pilipino sa pandaigdigang Simbahan.

The Guarantee the Restoration of the Environment & our Ecological Niche (GREEN) Awards is the city's annual recognition program that honors organizations, institutions, and individuals for their significant contributions to environmental protection and sustainability.

change mitigation efforts. • Renewable Energy and Energy Efficiency Partner: Awarded for the company's excellence in reducing energy consumption, promoting renewable energy solutions, and implementing energy efficiency initiatives across its offices, toll plazas, and

representatives of MPCALA.

"We are deeply honored to receive this recognition from the City Government of Santa Rosa. These awards reflect our commitment to integrating sustainability into every aspect of our operations, from building greener infrastructure to adopting environmentally responsible practices. As we continue to expand CALAX, we remain dedicated to proving that infrastructure development and environmental stewardship can go hand in hand," said MPHI President and General Manager Andrew B. Pangilinan.

CALAX is a 44.6-kilometer expressway connecting the provinces of Cavite and Laguna. Once completed, it is expected to serve approximately 95,000

include the integration of solar power systems, rainwater harvesting facilities, and the

progressive transition of its corporate fleet to electric vehicles (EVs), reinforcing the company's

commitment to responsible and sustainable expressway operations.

SSS, BIR... (FROM PAGE 8)

The Memorandum of Understanding (MOU), signed by SSS President and Chief Executive Officer Robert Joseph M. De Claro and BIR Commissioner Atty. Charlito Martin R. Mendoza at the BIR National Office in Quezon City, establishes a framework for stronger institutional coordination in carrying out the agencies' respective mandates.

The MOU also lays the groundwork for a Memorandum of Agreement that will govern specific collaborative initiatives, including the establishment of the Taxpayer Identification Number (TIN) as a common and reliable identifier across the BIR and the SSS to enhance

data integrity, strengthen compliance monitoring, and improve ease of doing business.

PCEO De Claro said the MOU marks a significant step in aligning the mandates, expertise, and resources of the SSS and the BIR.

"We all recognize that taxes provide the resources that enable our government to deliver essential programs and services to the Filipino people. Likewise, the social security contributions are the lifeblood of SSS operations, allowing us to provide meaningful protection and financial security to millions of workers, pensioners and their families," De Claro said.

"By strengthening our collaboration between our agencies, we are creating a more coordinated and responsive government, one that makes compliance easier, improves service delivery and ultimately benefits every Filipino."

BIR Commissioner Mendoza said the MOU provides a strong foundation for sustained collaboration between the two agencies, adding that its success will ultimately be measured by "simpler processes, stronger coordination, better informed decisions and more effective public service." "Our mandates may be different, but our work is closely connected. Government works best when institutions trust one another enough to share responsibility, information and expertise," Mendoza said.

This year, CALAX received three major awards in recognition of its green initiatives:

• Sustainable Development Partner: Recognizing MPCALA's contributions to environmental sustainability through its active participation in various coastal clean-up initiatives that help preserve ecosystems, reduce pollution in Laguna Lake, and support climate

facilities.

• Earth Hour Advocate: Presented for the company's active participation in the annual global Earth Hour movement and its continued efforts to promote energy conservation and environmental awareness.

The awards were presented by the City Government of Santa Rosa and received by

motorists daily. Currently, its operational segments span from Biñan, Laguna to General Trias, Cavite, significantly reducing travel time from an hour to just 26 minutes.

Beyond improving mobility, CALAX also advances environmental sustainability by helping reduce fuel consumption and vehicle emissions through shorter travel times. Its green initiatives

Laguna University President III Dr. Charlemagne G. Laviña underscored the

university's commitment to student-centered service, noting that initiatives like the SSS E-Center support accessible and responsive assistance for students. "In Laguna University, we listen with

our hearts. Serving our students is the main priority," he said.

The initiative forms part of SSS' ongoing efforts to expand service delivery channels and strengthen partnerships with academic institutions while promoting social security awareness among future members.

Pagpapalakas sa Industriya ng Ube sa pamamagitan ng mga Pagsasanay, Suportado ng DA-ATI CALABARZON

Bilang pagsuporta sa pagsusulong ng pamahalaan na mas paunlarin ang industriya ng ube at makatugon sa lumalaking demand, patuloy na pinalalakas ng Department of Agriculture - Agricultural Training Institute (DA-ATI) CALABARZON ang paghahatid ng makabagong kaalaman at teknolohiya sa produksyon at pagpoproseso ng ube.

"Maganda at malaki ang potensyal ng ube. Patok na patok ito bilang sangkap sa iba't ibang pagkain, at patuloy ang pagtaas ng demand—hindi lamang locally kun'di pati na rin globally. Ito ay isang malinaw na oportunidad para sa ating mga magsasaka, agripreneurs, at iba pang stakeholders sa industriya ng ube," ani Dr. Rolando V. Maningas, RAgr, Center Director ng DA-ATI CALABARZON.

Kaugnay nito, 33 Agricultural Extension Workers (AEWs) mula sa iba't ibang bayan sa rehiyon ang sinanay sa Training on Ube (Purple Yam) Production, Postharvest, Handling, and Processing, na isinagawa noong Hulyo 20-23, 2026, sa Ouan's Worth Farm and Family Resort Corporation, isang Private Agriculture and Fisheries Extension Service Provider (PAF-ESP) ng ahensya sa Lucena City, Quezon.

Sa pamamagitan ng kanilang re-entry action plan na bahagi ng pagsasanay, magsisilbing daan ang mga AEW upang maibaba ang mga teknolohiya at kasanayan sa mga magsasaka ng ube sa kani-kanilang mga bayan tungo sa mas masaganang produksyon

at mas mataas na kita.

Kabilang sa mga pamamaraang kanilang natutuhan at ibabahagi sa mga magsasaka ng ube ang soil testing, land preparation, wastong pagpili ng planting materials, pagpaparami, replanting, pamamahala sa mga sakit at peste, pag-ani, at postharvest handling and storage. Sa tulong ito ng mga tagapagsanay na sina Bb. Kimberly R. Reyes, RAgr (Provincial Agriculture Office - Quezon), Bb. Ma. Almira C. Silva (Mira's Food and Agriventure, Inc.), at Bb. Sierralyn S. Sandoval, RAgr (DA-Regional Crop Protection Center IV-A).

Bahagi rin ng pagsasanay ang aktuwal na pagpoproseso ng ube at lakbay-aral sa BeeGood Agri Ventures OPC, isang Learning Site for Agriculture (LSA) ng DA-ATI CALABARZON sa Tiaong, Quezon. Mula rito, natutuhan ng mga AEW ang wastong pagpaparami ng ube, gayundin ang tamang pagpili at paghahanda ng planting materials.

"Ako po ay naipadala dito sa training sa ube dahil sa amin po ay may isang barangay na exclusively ube ang itinatanim. Ang naging

practice po doon sa amin ay ang traditional way. Ngunit sa training na ito, nalaman ko na may iba pa palang paraan ng cultural management

upang makatipid sa gagamiting planting materials. Natutunan ko rin ang kahalagahan ng postharvest dahil kadalasan, ang naging practice ay pagka-harvest, ilagay na agad sa sako at direkto benta na. Ito po 'yung mga ibabahagi at gagawin namin sa aming bayan pagbalik ko," pahayag ni Andrian Paul William Luna, AEW mula sa Talisay, Batangas.

Bilang suporta sa propesyonalisasyon at pagpapatibay ng mga kaalaman at kasanayang pang-agrikultur, nakatanggap ang mga kalahok na rehistradong agrikultur ng 7.5 Continuing Professional Development (CPD) credit units mula sa pagsasanay.

Bukod dito, nauna na ring nagsagawa ang DA-ATI CALABARZON ng malawakang webinar sa produksyon at pamamahala ng ube sa pamamagitan ng regular na programa nitong Agricultural Technologies thru Internet at Home (ATI@Home) para sa Best Purple Harvest: Ube Production and

Management noong Abril 30, 2026. Nakibahagi sa webinar ang 848 na kalahok mula sa iba't ibang sulok ng bansa, kung saan 700 rehistradong agrikultur ang nakatanggap ng 1.00 CPD credit unit.

Aktibo rin ang DA-ATI CALABARZON sa pamamahagi ng information, education, and communication (IEC) materials tungkol sa ube sa mga pagsasanay at Farmers' Information and

Technology Services (FITS) Centers at FITS Kiosks sa iba't ibang bayan sa rehiyon upang mas gawing aksesible ang mga kaalaman at teknolohiya sa produksyon at pamamahala ng ube. Nakaplano na rin para sa susunod na taon ang iba pang mga pagsasanay na may kaugnayan sa industriya ng ube bilang patuloy na pakikiisa ng ahensya sa hangaring mapaunlad pa ang industriya.

"Patuloy nating pagtulungan ang pagpapalakas ng industriya ng ube sa pamamagitan ng i n o b a s y o n , pakikipagtulungan, pagbabahagi ng kaalaman, pagpapanday ng kasanayan. Sa ganitong paraan, makapag-aambag tayo sa pag-unlad ng kabuhayan ng ating mga magsasaka at sa paglago ng sektor ng agrikultura," ani Dr. Maningas.

Ipinahayag ng Pamahalaang Lungsod ng Imus, sa pangunguna ni Mayor Alex "AA" Advincula, ang taos-pusong pagbati sa mga opisyal at kawani ng Imus City Jail sa kanilang panibagong tagumpay na nagbibigay ng karangalan hindi lamang sa kanilang tanggapan kundi sa buong lungsod.

Sa pamumuno ni JCINSP Charles Kenneth M. Maquera, Warden ng Imus City Jail Male Dormitory, nakamit ng kanilang yunit ang mga sumusunod na pagkilala, Best in Logistical Linkages, Best Food Service Unit in Cavite Province, at Best Escorting Unit sa Type B Jail Category.

Bukod dito, kinilala rin si JO1 Roselynette M. Cosico bilang Best Helpdesk Officer sa Type B Jail Category dahil sa kanyang mahusay na pagganap sa tungkulin.

Samantala, sa ilalim ng pamumuno ni SJO4 Elvie A. Dela Cruz, Warden ng Imus City Jail Female Dormitory, nasungkit din ng kanilang yunit ang mahahalagang pagkilala.

Itinanghal si SJO4 Dela Cruz bilang 2nd Best Performing Female Dormitory para sa 1st Quarter, habang si JO1 Angel Mae Bautista ay kinilalang Best Custodial Officer sa Type C Jail Category. Naiuwi rin ng Female Dormitory ang

Best Escorting Unit sa Type C Jail Category.

Ayon sa Pamahalaang Lungsod ng Imus, ang mga parangal na ito ay bunga ng sama-samang dedikasyon, disiplina, at tapat na paglilingkod ng bawat miyembro ng Imus City Jail.

Patunay rin umano ito na ang mahusay na pamumuno at pagkakaisa ay nagbubunga ng dekalidad na serbisyo publiko.

Sa pagtatapos, muling binati ng lokal na pamahalaan ang lahat ng mga awardee at hinikayat ang mga ito na ipagpatuloy ang kanilang mahusay na paglilingkod bilang inspirasyon sa kapwa lingkod-bayan at patuloy na magbigay ng karangalan sa Lungsod ng Imus.

PINOY STUDENTS, GUMAWANG ROBOTIC HAND NA NAGSASALIN NG BOSES SA SIGN LANGUAGE, WAGI SA ROBOTICS COMPETITION

Isang makabagong imbensyon ang ipinakilala ng mga Computer Engineering students ng De La Salle Lipa matapos nilang likhain ang VOICEGEST, isang robotic hand na kayang isalin ang boses ng tao sa mga galaw ng Filipino Sign Language (FSL) upang makatulong sa mas inklusibong edukasyon.

Ang proyekto ay binuo nina Althea Lat, Alexie Shane Lenesses, at Nathanael Malabanan, mga fourth-year Computer Engineering students.

Gumagamit ang VOICEGEST ng isang 3D-printed robotic hand na nakakonekta sa isang mobile application.

Sa pamamagitan ng voice recognition, maaaring magsalita ang isang user at awtomatikong igagalaw ng robotic hand ang mga katumbas na letra, numero, at ilang pangunahing salita sa Filipino Sign Language.

Mayroon din itong touch controls upang magamit kahit ng mga hindi makapagbigay ng voice command.

Nabuo ang ideya matapos malaman ng grupo ang kakulangan ng teaching personnel sa isang special education school sa Malvar, Batangas, na nagsisilbi sa mga mag-aaral na may kapansanan sa pandinig at komunikasyon.

Sa halagang tinatayang

P15,000 hanggang P20,000, naitayo ang prototype bilang isang mas abot-kayang alternatibo kumpara sa iba pang assistive technologies na mas mahal ang halaga.

Dahil sa kanilang inobasyon, nasungkit ng VOICEGEST ang kampeonato sa Freestyle Category ng Murata Robolution 2025, kung saan nakipagsabayan ang De La Salle Lipa sa iba pang mga unibersidad na nagpakita ng robotics at artificial intelligence projects.

Bagama't limitado pa sa isang robotic hand ang kasalukuyang bersyon at hindi pa kayang ipakita ang mas komplikadong sign language na nangangailangan ng dalawang kamay, ekspresyon ng mukha, at galaw ng katawan, patuloy na pinaunlad ng grupo ang proyekto.

Kabilang sa kanilang mga plano ang pagpapalawak ng sign vocabulary, pagdaragdag ng audio features, at mas maraming gamit para sa

teknolohiya.

Ayon sa student developer na si Althea Lat, layunin ng kanilang proyekto na magsilbing tulay tungo sa mas maayos na komunikasyon.

Higit pa sa isang robotic

hand ang Voicegest ay simbolo ng pag-asa at inklusibong kinabukasan, patunay na ang talino at malasakit ng kabataang Pinoy ay kayang bumuo ng teknolohiyang nagbibigay ng boses sa bawat isa.
