PhilHealth to expand primary care, NBB under DOH-aligned framework

The Philippine Health Insurance Corporation (PhilHealth) is committed to accelerating primary care expansion and reinforcing financial protection through the No Balance Billing (NBB) policy nationwide under a unified strategic format with the Department of Health (DOH).

In a press briefing on Thursday, PhilHealth President and Chief Executive Officer Beverly Ho said the shared mandate, Unified National Agenda (UNA), aims at improving health outcomes, scaling up access sites and broadening benefit packages for all Filipinos.

"Our job now is to ensure that we continue to progress by increasing access points, improving benefit packages, and ensuring that every member receives quality care," she said.

"(We will) build on previous gains rather than start from scratch. Focus on better execution and systematically addressing feedback and challenges to

reduce friction and improve access for members, physicians, and providers," she added.

When asked about the state insurer's priorities under her watch, Ho disclosed a five-pillar shared agenda with the DOH.

These include bringing primary care to schools and workplaces; strengthening and integrating public health programs into primary care; expanding NBB to reduce hospital cost fears; cutting red tape by streamlining DOH and PhilHealth processes via a unified IT system; and organizational strengthening through smooth reorganization and empowering health

workers with fair compensation and greater responsibilities.

For the benefit package for children with developmental disabilities, Ho said the PhilHealth is enhancing the package and increasing therapy sessions.

The implementation is anticipated within the year as the state insurer revalidates with healthcare professionals the original costing from 2017 to ensure rates are adequate.

PhilHealth is collaborating with the Department of Education and the Department of Social Welfare and Development to streamline referral pathways and facilitate therapy sessions

in select schools, Ho said.

To improve public access to essential medicines, Ho said 21 medicines currently under YAKAP (Yaman ng Kalusugan Program) will be transferred to the Gamot program.

This move will integrate the medicines into the annual twenty-thousand-peso benefit under GAMOT (Guaranteed and Accessible Medications for Outpatient Treatment) program.

Addressing concerns regarding value for paying contributors, Ho underscored the need to prevent benefit increases from triggering price inflation in healthcare facilities.

She said that PhilHealth will work closely with medical providers to ensure members experience tangible value from their contributions, fostering consistent participation across the board. (PNA)

Rosario, Cavite — The Municipal Disaster Risk Reduction and Management Council (MDRRMC), under the leadership of Mayor and MDRRMC Chairman Jose Voltaire Ricafrente, convened today to carry out a Post Disaster Needs Assessment (PDNA) in response to the recent heavy rains brought by the southwest monsoon (habagat) intensified by Typhoon Maymay.

Agosto 21... (FROM PAGE 8)

Sa kanyang pagbabalik, dala niya ang hangaring makilahok muli sa usaping pampolitika ng bansa at makapag-ambag sa paghahanap ng mapayapang solusyon sa krisis na kinakaharap noon ng Pilipinas.

Ngunit ilang sandali matapos siyang bumaba sa eroplano sa dating Manila International Airport, siya ay binaril at napatay.

Ang kanyang pagkamatay ay nagdulot ng malawakang pagluluksa at galit sa maraming Pilipino. Sa halip na tuluyang patahimikin ang kanyang tinig, lalo nitong pinalakas ang panawagan para sa pagbabago at demokrasya.

MULA SA TRAHEDYA, SUMIBOLANG PAGKILOS

Ang pagkamatay ni Ninoy ay naging mahalagang bahagi ng mga pangyayaring humantong sa People Power Revolution noong Pebrero 1986, kung saan milyun-milyong Pilipino ang nagtipon sa EDSA upang ipanawagan ang pagbabago at pagtatanggol sa demokratikong proseso.

Sa paglipas ng mga dekada, nananatiling mahalagang tanong ang iniwan ng kanyang buhay:

Hanggang saan handang manindigan ang isang tao para sa kanyang pinaniniwalaan?

Ang sagot ay maaaring magkakaiba para sa bawat henerasyon, ngunit malinaw ang aral mula sa kasaysayan ang demokrasya ay hindi

lamang tungkol sa mga pinunong inihahalal. Ito rin ay tungkol sa mga mamamayang malayang nagsasalita, nagtatanong, nakikilahok at naninindigan.

HINDILANG PAGGUNITA, KUNDI PAG-ALALA SA ARAL NG KASAYSAYAN

Sa paggunita kay Ninoy ngayong Agosto 21, higit sa seremonya at pag-alala sa kanyang pangalan ang mahalaga.

Mahalagang balikan kung bakit siya naging bahagi ng kasaysayan at kung ano ang naging halaga ng kanyang sakripisyo sa paghubog ng bansa.

Sa panahong mabilis kumalat ang impormasyon at maling balita, lalong mahalaga ang pagkilala sa katotohanan, pag-aaral ng kasaysayan at matalinong paggamit ng karapatang makilahok sa lipunan.

Ang kabataan ngayon ay maaaring hindi na nakasaksi sa mga pangyayaring naganap noong 1983 at 1986. Ngunit sila ang magdadala ng mga aral ng nakaraan patungo sa hinaharap.

ANG PAMANANININYO
Maaaring matapos ang

isang buhay, ngunit hindi agad namamatay ang mga ideyang ipinaglaban nito.

Sa bawat Pilipinong gumagamit ng kanyang karapatang magsalita, sa bawat mamamayang nakikilahok sa halalan, at sa bawat taong naninindigan para sa kanyang paniniwala nang may respeto sa kapwa, naroon ang paalala na ang kalayaan at demokrasya ay mga bagay na kailangang alagaan at ipagtanggol sa bawat henerasyon.

Ngayong Ninoy Aquino Day, hindi lamang natin inaalala ang isang taong namatay sa isang madilim na yugto ng kasaysayan.

Inaalala natin ang isang Pilipinong piniling bumalik, magsalita at manindigan, kahit alam niyang maaaring kapalit nito ang kanyang buhay. At sa bawat paggunita sa Agosto 21, nananatili ang isang hamon sa sambayanan.

Ang kasaysayan ay hindi lamang dapat alalahanin. Dapat itong pag-aralan, unawain at gawing gabay upang hindi na maulit ang mga pagkakamali ng nakaraan. **(Sid Samaniego)**

Congressman... (FROM PAGE 8)

As a dedicated representative of his constituents, Congressman Revilla reaffirmed his commitment to championing laws and programs that directly benefit communities, particularly in the areas of labor and employment. His leadership in the committee underscores his determination to ensure that workers' rights and welfare remain at the forefront of congressional priorities.

"Patuloy ang trabaho at serbisyo para sa Unang Distrito at sa mamamayang Pilipino," Congressman Revilla emphasized, highlighting his steadfast dedication to public service and his vision of inclusive progress for Cavite and the nation.

The young lawmaker continues to embody his advocacy of Alagang Revilla, ensuring that his constituents feel the tangible impact of his work in Congress. **(CTJ Team)**

Bagong DMW... (FROM PAGE 1)

Matatagpuan ang tanggapan sa 3rd Floor, Government Service Express ng SM City Bacoor, na nagsisilbing karagdagang service point ng DMW upang mailapit sa mga residente ng Cavite at karatig-lugar ang mahahalagang programa at serbisyo para sa mga migranteng manggagawa. Dumalo sa inauguration ceremony sina Bacoor City Mayor Strike B. Revilla, Cavite 2nd District Representative Lani M. Revilla, Agimat Party-list

Representative Bryan B. Revilla, na siya ring Chairperson ng House Committee on Overseas Workers Affairs, at Bacoor City Department Head I at PESO Manager Dr. Abraham Domingo De Castro.

Sa kanyang mensahe, binigyang-diin ni Rep. Bryan Revilla ang kahalagahan ng pagkakaroon ng mga serbisyong mas malapit at mas madaling maabot ng mga migranteng manggagawa at kanilang

pamilya.

Bilang pinuno ng House Committee on Overseas Workers Affairs, ipinahayag din niya ang kanyang patuloy na suporta sa mga polisiya at programa na naglalayong pangalagaan ang karapatan, kapakanan at seguridad ng mga OFW, na patuloy na nagbibigay ng malaking ambag sa ekonomiya ng bansa.

Sa pamamagitan ng bagong satellite office, mas madali nang makalalapit ang mga OFW at aspiring migrant workers para sa iba't ibang serbisyo ng DMW, kabilang ang employment

facilitation, welfare assistance, reintegration programs, at iba pang programa ng ahensya.

Itinuturing naman ng DMW 4A ang pagbubukas ng tanggapan bilang bahagi ng patuloy nitong hakbang upang mapahusay ang paghahatid ng serbisyo sa CALABARZON, partikular sa mga lugar na may malaking bilang ng mga Pilipinong naghahangad o k a s a l u k u y a n g nagtatrabaho sa ibang bansa.

Sa seremonya, binigyang-diin din ng mga opisyal ang kahalagahan ng pagtutulungan ng national government agencies, local government units at iba pang stakeholders upang mas mahusay na matugunan ang mga pangangailangan ng OFWs at kanilang mga pamilya.

Ang pagbubukas ng DMW Bacoor Satellite Office ay hindi lamang dagdag na tanggapan ng gobyerno kundi isang hakbang upang matiyak na

hindi kailangang lumayo ng mga migranteng manggagawa para lamang makahingi ng tulong, impormasyon at serbisyo.

Sa paglalapit ng DMW sa komunidad, layunin nitong maipadama sa bawat OFW at kanilang pamilya na may pamahalaang handang umagapay, bago sila mangibang-bansa, habang sila ay nagtatrabaho roon, at maging sa kanilang pagbabalik sa sariling bayan. (Sid Samaniego)

Transparent... (FROM PAGE 8)

Kung maisasakatuparan, magiging bahagi ito ng mas malawak na pagsisikap ng lokal na pamahalaan na tiyaking ligtas ang mga paaralan, hindi lamang para sa mga estudyante kundi maging para sa mga guro, non-teaching personnel at iba pang taong nasa loob ng campus.

SEGURIDAD SA LOOB NG PAARALAN

Sa isang paaralan, mahalaga ang mabilis na pagtukoy sa anumang bagay na maaaring magdulot ng panganib.

Sa pamamagitan ng transparent bag, maaaring makita agad ng security personnel o school authorities ang laman ng bag nang hindi kinakailangang paulit-ulit itong buksan at halughugin. Hindi naman nangangahulugan na ang transparent bag lamang ang magiging panangga laban sa mga posibleng banta.

Sa halip, maaari itong magsilbing karagdagang layer ng seguridad na isinasama sa iba pang umiiral na school safety measures.

May kaugnayan ito sa mas pinaigting na pagbabantay sa mga paaralan sa Cavite.

Noong Hunyo, iniulat ng Philippine Information Agency na pinahintulutan ang mas mataas na police visibility sa mga paaralan sa lalawigan, kabilang ang security inspections, threat assessments at koordinasyon sa school authorities.

27,000 ESTUDYANTE ANG SAKLAW

Malaki ang magiging saklaw ng panukala dahil tinatayang 27,000 mag-aaral ang maaaring gumamit ng naturang bag.

Kasama rito ang mga mag-aaral mula Grade 2 hanggang Junior High School at Senior High School sa mga pampublikong paaralan ng GMA.

Dahil dito, hindi lamang simpleng pamimigay ng bag ang magiging usapin. Kakailanganin ding pag-isipan ang disenyo, kalidad, dami, procurement at distribusyon nito upang matiyak na magiging pantay ang pagtanggap ng mga estudyante.

Mahalaga ring malinaw sa mga magulang at mag-aaral kung paano ipatutupad ang polisiya, kung mandatory ba ang paggamit nito, kailan magsisimula, ano ang mga maaaring ilagay sa loob, at paano isasagawa ang inspection.

HIGIT PA SA BAG ANG KAILANGAN

Bagama't makatutulong ang transparent bag sa visibility, hindi nito a w t o m a t i k o n g matatanggal ang lahat ng panganib sa isang paaralan.

Ang tunay na school security ay nangangailangan ng kombinasyon ng maayos na access control, sapat na security personnel, CCTV monitoring kung mayroon, emergency protocols, regular na threat assessment, mabilis na communication system at koordinasyon sa pulisya at iba pang awtoridad.

Mahalaga rin ang papel ng mga guro, magulang at mismong mga estudyante.

Ang anumang kahinahinalang kilos o bagay ay dapat na agad na maipagbigay-alam sa kinauukulan, habang ang mga school personnel naman ay kailangang magkaroon ng malinaw at pare-parehong proseso sa pagresponde sa mga insidente.

PROTEKSYON AT KARAPATAN

Kasabay ng pagpapalakas ng seguridad, kailangan ding tiyakin na ang pagpapatupad ng naturang polisiya ay hindi magiging sanhi ng hindi k i n a k a i l a n g a n g

panghihimasok sa privacy o hindi patas na pagtrato sa mga mag-aaral.

Ang layunin ng anumang security measure ay dapat manatiling malinaw: protektahan ang mga bata habang pinananatili ang isang ligtas, maayos at child-friendly na learning environment.

Mismong DepEd Cavite ay naglalarawan sa layunin nito na magkaroon ng learning environment na ligtas, child-friendly, gender-sensitive at nakatutulong sa pag-unlad ng mga mag-aaral.

SIMBOLO NG MAS MAHIGPIT NA SEGURIDAD

Kung tuluyang maisasakatuparan, maaaring maging simbolo ang transparent bag ng mas pinaigting na seguridad sa mga paaralan ng GMA.

Para sa mga estudyante, maaaring isa itong dagdag na pagbabago sa kanilang pang-araw-araw na buhay-eskwela.

Para naman sa mga magulang, maaari itong magbigay ng dagdag na kapanatagan na may ginagawa ang mga kinauukulan upang mabawasan ang mga posibleng panganib sa loob ng paaralan.

Gayunman, ang tagumpay ng panukala ay hindi dapat masukat sa dami ng transparent bags na maipamamahagi.

Mas mahalaga kung magiging bahagi ito ng isang komprehensibo, makatarungan at epektibong school safety program.

Sa huli, ang paaralan ay hindi lamang lugar kung saan natututo ang mga bata.

Ito rin ay lugar kung saan dapat silang makaramdam ng seguridad, proteksiyon at tiwala, sapagkat walang tunay na pagkatuto kung ang kaligtasan ng mag-aaral ay hindi unang napangangalagaan. (Sid Samaniego)

Executive Officer Robert Joseph M. de Claro said the ELP remains available to qualified members nationwide and serves as a readily accessible source of financial assistance for those experiencing financial hardship due to calamities and other emergency situations.

"The ELP is part of SSS' continuing commitment to provide immediate financial relief to members affected by unforeseen events. Through the ELP, qualified members affected by Tropical Storm Maymay and the enhanced Southwest Monsoon may access much-needed financial assistance under more flexible eligibility requirements," de Claro said.

"Under the ELP, which has been in effect since 01 May 2026, the required number of monthly contributions has been reduced from 36 to 18, provided that the member has at least six posted contributions in the last 12 months," de Claro said.

He added that self-

employed, voluntary, non-working spouse, and land-based Overseas Filipino Worker (OFW) members must have at least six-monthly contributions under their current membership type before the month of loan application.

Other eligibility requirements are as follows:

Under 65 years old at the time of loan application;

Have a valid Philippine home address on SSS records;

Have an updated contact information in the SSS database;

Have no past-due emergency, calamity, salary, Educational Assistance Loan, or other short-term or long-term member loans;

Qualified members may borrow up to P20,000 at an interest rate as low as 7% per annum. The loan is payable over 30 months, inclusive of a six-month moratorium period.

"Members are not required to make monthly amortization payments during the first six months from the date of loan approval. No penalties will be imposed during this period. Regular monthly amortization payments will begin in the seventh month," de Claro explained.

De Claro added that members affected by the tropical cyclone may also apply for an SSS salary loan at the same time, subject to the eligibility requirements.

The partnership marks a significant step toward building a more inclusive and accessible community, with the active involvement of the Persons with Disability Affairs Office (PDAO). Through this collaboration, both parties aim to strengthen disability-inclusive development initiatives

and provide opportunities for capacity-building, including an International Study Tour in Japan for selected PDAO personnel.

Mayor Loyola emphasized the importance of ensuring that no one is left behind in Carmona's progress. "This agreement reflects our shared vision of a community where inclusivity

is not just a principle but a practice. Sama-sama nating itaguyod ang komunidad na Dapat Angat Lahat," she said.

The initiative underscores Carmona's commitment to empowering persons with disabilities, fostering collaboration, and promoting equal opportunities for all sectors of society. (CTJ Team)

FEATURED STORY

ISKOLAR READING CENTER: MUNTING SILID, MALAKING PANGARAP PARA SA MGA

Sa isang komunidad sa Brgy. Biga-I, Silang, Cavite, may isang lugar na maaaring hindi kasing laki ng mga paaralan o aklatan, ngunit may kakayahang magbukas ng malalaking pintuan para sa kinabukasan ng mga bata.

Ito ang Iskolar Reading Center, isang community-based children's center at non-government organization na nakatuon sa pagpapalawak ng access ng mga bata sa pagbabasa at pagkatuto.

HIGIT PASA ISANG LUGAR PARA MAGBASA

kumpiyansa, matutong magtanong at unti-unting maunawaan ang mundo.

Sa ganitong pananaw nakaugat ang misyon ng Iskolar Reading Center, ang gawing mas abot-kamay ang literacy at learning opportunities para sa mga batang nangangailangan ng dagdag na suporta.

Mas mahalaga, kinilalarin ng National Book Development Board (NBDB) ang Iskolar Reading Center bilang isang civil society organization na accredited para sa co-implementation ng mga programa at proyekto kaugnay ng book publishing at readership

Sa panahon kung kailan napakaraming distractions ang maaaring umagaw sa atensyon ng isang bata, ang pagkakaroon ng isang ligtas at makabuluhang espasyo para sa pagbabasa ay may malaking halaga.

Hindi lamang mga libro ang maaaring makita sa isang reading center.

Naroon ang pagkakataong matutong bumuo ng pangarap, magkaroon ng

MULA SILANG, UMAABOT SA MAS MALAWAK NA MUNDO

Patunay ng lumalawak na pagkilala sa kanilang gawa ang pakikipag-ugnayan nito sa iba't ibang institusyon.

Noong 2025, nakapaloob sa isang Philippine State College of Aeronautics document ang isang aktibidad na may kaugnayan sa pakikipagpulong sa Iskolar Reading Center sa Silang.

development. Ang accreditation nito ay nakasaad na valid hanggang Hulyo 31, 2027.

P96,000 GRANT, NAGING PUHUNAN SA KULTURANG PAGBABASA

Isa sa pinakamalaking patunay ng potensiyal ng kanilang programa ay ang grant na P96,000 mula sa NBDB noong 2025 para sa programang "Journey Into Reading: Building A Lifelong Reading Culture in

Rural Philippine Communities Through a Passport-Inspired Program."

Sa ilalim nito ang Read-It-To-Win-It Passport Reading Program Phase 1 at mga Reading Festival activities, na nakapaglingkod sa humigit-kumulang 50 bata noong panahong iniulat ang accomplishment.

Sa unang tingin, maaaring maliit lamang ang bilang na iyon.

Ngunit sa mundo ng edukasyon, bawat batang nahihikayat magbasa ay isang panibagong posibilidad.

Limampung bata ang maaaring mangahulugan

batang mambabasa.

Dito makikita na ang isang maliit na reading center sa Silang ay maaaring maging tulay hindi lamang sa pagitan ng bata at libro, kundi maging sa pagitan ng Silang at ng iba't ibang kultura sa mundo.

ANG TUNAY NA SUKAT NG ISANG READING CENTER

Hindi nasusukat ang halaga ng Iskolar Reading Center sa laki ng gusali nito.

Mas mahalagang tanungin: Ilang bata ang nahikayat nitong magbasa?

Ilang pangarap ang napalakas nito?

Sa Silang, Cavite, ang Iskolar Reading Center ay nagsisilbing paalala na hindi kailangang maging malaki ang isang institusyon upang magkaroon ng malaking epekto.

Minsan, sapat na ang isang tahimik na lugar.

Isang libro.

Isang batang handang matuto.

At mga taong naniniwalang ang pagbabasa ay hindi lamang kasanayan, ito ay susi sa pagbabago ng buhay.

Sapagkat sa huli, ang pinakamalagang aklat na naisulat ng Iskolar Reading Center ay hindi

ng limampung batang may bagong librong nabasa, limampung batang nakatuklas ng bagong kaalaman, at limampung batang maaaring magdala ng kulturang iyon sa kanilang pamilya at komunidad.

ISANG "BOOKSHELF" NA WALANG HANGGANAN

Hindi rin limitado sa lokal na literatura ang mundong binubuksan ng reading center.

Noong Mayo 2026, iniulat ng Ukrainian news agency na Ukrinform ang pagbubukas ng "Ukrainian Bookshelf" sa Iskolar Reading Center.

Ayon sa ulat, nakipag-ugnayan ang mga estudyante mula sa Philippine Christian University-Dasmariñas, sa pakikipagtulungan sa Iskolar Reading Center, upang humingi ng mga aklat at learning materials para mapalawak ang library at mapahusay ang serbisyo nito sa mga

Ilang batang dati'y walang sapat na access sa libro ang nabigyan ng pagkakataong matuto?

Dahil ang edukasyon ay hindi lamang tungkol sa marka.

Ito ay tungkol sa kakayahang mangarap.

At ang pagbabasa ay isa sa pinakamakapang-yarihang paraan upang maturuan ang isang bata na ang mundong kanyang ginagalawan ay hindi lamang ang nakikita niya sa kanyang paligid.

Sa bawat pahinang binubuklat ng isang bata, may bagong mundo siyang natutuklasan.

Sa bawat kuwentong binabasa niya, may bagong posibilidad na nabubuo.

At sa bawat batang natututong mahalin ang libro, may isang kinabukasang unti-unting nagkakaron ng direksiyon.

MULA SA MUNTING SILID, PATUNGOSA MALAKING KINABUKASAN

ang mga librong nasa kanilang mga estante.

Ito ay ang mga kuwento ng mga batang binigyan nila ng pagkakataong mangarap.

Sa huli, ang Iskolar Reading Center Inc. ay hindi lamang tahanan ng mga libro, kundi isang tahanan ng mga pangarap.

Sa bawat pahinang binubuklat ng isang bata, may binubuong pag-asa, sa bawat kuwentong kanyang nauunawaan, may mundong mas lumalawak.

Sa tahimik na sulok ng Silang, Cavite, patuloy nilang ipinapaalala na ang pagbabasa ay hindi lamang tungkol sa pagkatuto ng mga salita, ito ay tungkol sa pagbibigay sa bawat bata ng kakayahang mangarap, maniwala sa sarili, at magsulat ng mas magandang kuwento ng kanyang kinabukasan. Two NorMin Startups Advance to National Stage of Presidential Filipinnovation Awards

In communities across the country, good ideas often stay just that — ideas. A life-saving system sits unused by the local government that needs it. A farmer keeps working the old, slower way, simply because no one showed them another path.

POLLD Emergency System Corporation and Kasaka Agriventures, Inc. refused to let their innovations stop there. POLLD built the WERT System, an offline-resilient emergency command infrastructure designed to help local government units prepare for and respond to disasters. Kasaka developed an Automated Coconut Sap Juice Extractor, aimed at easing the labor-intensive work of coconut farmers and improving their livelihoods.

Both companies entered

the Mindanao Sub-National Competition of the 2026 Presidential Filipinnovation Awards, and both were named among only four Mindanao

finalists advancing to the national stage.

As DOST NorMin Regional Director Dr. Mark Lemuel L. Garcia said during the competition,

"An innovation does not create impact simply because it is brilliant. It creates impact when it reaches the people who need it."

Seedling Turnover Ceremony Strengthens Environmental and Livelihood Initiatives in Silang, Cavite

Silang, Cavite — A meaningful step towards a greener and more sustainable future was taken as seedlings were officially turned over during a special program held at the SK Hall – Nuestra Señora de Candelaria Parish Church. The initiative, spearheaded by Congressman Atty. Roy M. Loyola, highlights the importance of environmental stewardship while also supporting the livelihood of local communities.

Mayor Gented "Ted" Carranza expressed his full support for the program, emphasizing that the turnover of seedlings is not only about planting trees but also about planting hope for future generations. He underscored the role of collaborative efforts between government leaders, organizations, and citizens in

building a healthier environment and stronger economy for Silang.

"This program is a testament to our shared commitment to protect our environment while empowering our people. Together, we are cultivating a legacy of sustainability and progress for Silang," Mayor

Carranza stated.

The turnover event reflects the broader vision of CarSiGMA (Carmona-Silang-General Mariano Alvarez), which continues to champion initiatives that balance ecological preservation with community development. With the active participation of local

leaders and residents, the seedlings distributed will contribute to reforestation, cleaner air, and long-term livelihood opportunities.

For a greener Silang and a brighter tomorrow, the community stands united under the leadership of Congressman Loyola and Mayor Carranza. (CTJ Team)

Indang...

Sa temang "Climate Action: Fostering Community Spirit Caring for the Environment," kinilala ang programa dahil sa konkretong ambag nito sa pagbabawas ng plastic waste at pagtataguyod ng mas responsable ng pamamahala ng basura sa komunidad.

Isinagawa ang awarding ceremony noong Agosto 20, 2026 sa Taal Vista Hotel, na dinaluhan nina MENRO Engr.

Alona M. Yap at Vice Mayor Ferdinand T. Papa, bilang kinatawan ng pamahalaang bayan sa mahalagang pagkilalang ito.

Sa ilalim ng Project EcoCycle, nakapag-divert ang Indang ng tinatayang 1,382.947 kilo ng plastic residuals mula Enero hanggang Hunyo 2026.

Katumbas ito ng humigit-kumulang 691 sako ng plastik na sa halip na mapunta sa landfill ay pinoproseso upang

maging mga kapaki-pakinabang at matitibay na produkto.

Hindi lamang simpleng pagbabawas ng basura ang layunin ng proyekto.

Ipinapakita rin nito kung paano maaaring gawing bagong oportunidad at kapaki-pakinabang na materyales ang mga itinuring nang basura, habang nababawasan ang epekto nito sa kapaligiran.

Sa patuloy na pagpapatupad ng Project EcoCycle, pinatutunayan ng Indang na ang pangangalaga sa

kalikasan ay hindi lamang responsibilidad ng pamahalaan kundi isang gawaing nangangailangan ng sama-samang pagkilos ng buong komunidad.

Sa bawat plastik na nailililihi sa landfill at m u l i n g napapakinabangan, unti-unting nabubuo ang isang mas malinis, mas responsable at mas sustenableng Indang, kung saan ang basura ay hindi katapusan ng halaga, kundi simula ng panibagong pakinabang. (Sid Samaniego)
